

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. JOURNAL OF THE SENATE.

STATE OF NEW JERSEY,

SENATE CHAMBER,

TRENTON, N. J., TUESDAY, January 10th, 1922.

At 12 o'clock M., this being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called to order by the Hon. Charles D. White, the Senator from Atlantic county, who read the following statement:

STATE OF NEW JERSEY,

DEPARTMENT OF STATE.

I, Thomas F. Martin, Secretary of State of the State of New Jersey, do hereby certify that the following members of the Senate have been duly qualified:

Charles D. White, for Atlantic county.

William E. Mackay, Jr., for Bergen county.

Joseph F. Wallworth, for Camden county.

Firman M. Reeves, for Cumberland county.

William H. Parry, for Essex county.

Alexander Simpson, for Hudson county.

S. Roy Heath, for Mercer county.

William A. Stevens, for Monmouth county.

Arthur Whitney, for Morris county.

Harry T. Hagaman, for Ocean county.

Collins B. Allen, for Salem county.

Clarence E. Case, for Somerset county.

William N. Runyon, for Union county.

Thomas Barber, for Warren county.

And it further appears that at the General election held on the eighth day of November, A. D. 1921, members of the Senate were duly elected as follows:

Emmor Roberts, for Burlington county.

William H. Bright, for Cape May county.

Horace M. Fooder, for Gloucester county.

David H. Agans, for Hunterdon county.

Morgan F. Larson, for Middlesex county.

Albin Smith, for Passaic county.

Henry T. Kays, for Sussex county.

In testimony whereof, I have hereunto set my hand and affixed my official seal, at Trenton, this tenth day of January, A. D. 1922.

[SEAL.]

THOMAS F. MARTIN,
Secretary of State.

Mr. Case moved that the Hon. S. Roy Heath, from the county of Mercer, be appointed President *pro tempore*.

Which was agreed to.

Mr. Heath appointed Senators Stevens, Allen and Barber to conduct the President *pro tempore* to the chair.

Mr. White moved that William H. Albright, of Gloucester county, be appointed temporary secretary.

Which was agreed to.

Mr. Heath presented the credentials of the Senators elected as follows:

Emmor Roberts, for Burlington county.

William H. Bright, for Cape May county.

Horace M. Fooder, for Gloucester county.

David H. Agans, for Hunterdon county.

Morgan F. Larson, for Middlesex county.

Albin Smith, for Passaic county.

Henry T. Kays, for Sussex county.

And the oath of office was administered by the President *pro tempore*.

Under the direction of the President *pro tempore* the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Agans, Allen, Barber, Bright, Case, Fooder, Hagaman, Heath, Kays, Larson, Mackay, Parry, Reeves, Roberts, Runyon, Simpson, Smith, Stevens, Wallworth, White, Whitney—21.

On motion of Mr. White, the Senate proceeded to the election of a President.

Mr. White nominated the Hon. William B. Mackay, of Bergen county.

Mr. Simpson nominated the Hon. Thomas Barber, of Warren county.

Under the direction of the President *pro tempore*, the Secretary called the Senate, with the following result:

The Senators voting for the Hon. William B. Mackay were:

Messrs. Allen, Barber, Bright, Case, Fooder, Hagaman, Larson, Parry, Reeves, Roberts, Runyon, Stevens, Wallworth, White, Whitney—15.

The Senators voting for the Hon. Thomas Barber were:

Messrs. Agans, Heath, Kays, Mackay, Simpson—5.

Mr. Mackay, having a majority of all the votes cast, was declared by the President *pro tempore* duly elected President of the Senate for the ensuing year, and was conducted to the chair by Senators White, Reeves and Whitney.

The oath of office was administered by the President *pro tempore*.

The President on taking the chair addressed the Senators as follows:

MEMBERS OF THE SENATE, FRIENDS, AND LADIES AND GENTLEMEN FROM VARIOUS PARTS OF THE STATE:

I deeply appreciate the great honor which has been conferred upon me today by the members of the New Jersey Senate, and which is the highest gift that is within their power to bestow.

It is not my purpose to make a long address or speech, due to the fact that we have other business to transact, and I believe there are things to deal with later in the day which benefit the inner man most importantly. I do feel, however, that it will be my obligation, or at least a part of my obligation, to endeavor to conduct and preside over the proceedings of this body to the best of my skill, ability and understanding. I trust that the members of this body, on many matters which are for the benefit of the people, which are purely non-political, will co-operate from time to time and give the best that is within them. On matters which may divide, on questions of parties, I trust that all debates and arguments may be had without any bitterness or malice, hatred or any ill-feeling whatsoever.

I want to take this opportunity to say that I think it is a wonderful thing to have the women with us in politics today. I think it is the means of the making of better men and better women. It means that the woman who has taken an interest in the home, coming into political life, will take that interest in political life which will make an influence which will be better for good government and for better government.

I do want to say in closing, it often appears that bills are presented to members of the Senate, which perhaps the particular member, or, very often, other members, do not care to introduce. That bill is taken and introduced by request; that, as a matter of fact, really means nothing. It means that we do not care to have our names stamped on the bill as introducer. It means an added expense to the State in printing all such bills; and I trust that the Senators will introduce only such measures as they feel that they want to push and acknowledge, and bring before this body for consideration.

In closing, I want to thank the members of the Senate and all for the great honor they have bestowed on me, and I trust they will never have any need to regret the confidence that they have thus placed in me. I want to say to the people and the friends gathered here to-day from various parts of the State, and to my friends also from Bergen county, that we are glad to welcome you here to-day and we trust you will come down again and that you may confide in us and co-operate with us and consult with us in many matters in which you may be interested.

Prayer was then offered by the Rev. DeWitt C. Cobb, of Glassboro, N. J.

On motion of Mr. White, the Senate then proceeded to the election of a Secretary.

Mr. White nominated Mr. William H. Albright, of Gloucester county. Mr. Albright was elected by the following vote:

Messrs. Agans, Allen, Barber, Bright, Case, Fooder, Hagaman, Heath, Kays, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Simpson, Smith, Stevens, Wallworth, White, Whitney—21.

Mr. Albright, being declared elected Secretary of the Senate, took the oath as prescribed by law.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Agans, Allen, Barber, Bright, Case, Fooder, Hagaman, Heath, Kays, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Simpson, Smith, Stevens, Wallworth, White, Whitney—21.

Mr. White offered the following resolution, which was read and adopted:

Resolved, That a committee of three be appointed to wait upon His Excellency, the Governor, and inform him that the Senate has organized and elected Hon. William B. Mackay, Jr., of the county of Bergen, President, and William H. Albright, of the county of Gloucester, Secretary, and is now ready to proceed to business and also to receive any communication that he may make.

Committee appointed—Messrs. Whitney, Wallworth and Agans.

Mr. White offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be directed to inform the House of Assembly that the Senate has organized and elected the Hon. William B. Mackay, Jr., of the county of Bergen, President, and William H. Albright, of the county of Gloucester, Secretary, and proceeded to business.

Mr. Whitney, for the Committee on Notification to Governor, reported that they had performed their duties.

Mr. White offered the following resolution, which was read and adopted:

WHEREAS, Chapter 158, Pamphlet Laws of 1914, requires that a requisition officer be appointed, and the acts regulating receipts and disbursements require the designation of approving officers for the payment of the necessary expenses of all divisions of the government; be it

Resolved (the House of Assembly concurring), That the Secretary of the Senate and the Clerk of the House of Assembly be designated as requisition officers for the Legislature, their compensation to be three hundred dollars each; and be it further

Resolved, That all statements of expenses of the Legislature be referred to the Committee on Incidental Expenses of the Senate and House of Assembly, respectively, and when approved by said committee said approval shall be indicated by the signature of the chairman of the Senate Committee on Incidental Expenses for expenses of the Senate, and by the chairman of the House Committee on Incidental Expenses for expenses of the House of Assembly, together with the signature of the Secretary of the Senate or the Clerk of the House of Assembly, respectively, and said bills, when approved, shall be forwarded to the Comptroller of the Treasury for payment.

Mr. White offered in nomination the following officers and moved their election to their respective positions:

Assistant Secretary of the Senate—Frederick A. Brodesser, 413 South Broad street, Elizabeth, county of Union.

The roll was called by the Secretary with the following result:

In the affirmative were—

Messrs. Allen Barber, Bright, Case, Fooder, Hagaman, Heath, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Simpson, Stevens, Wallworth, White—17.

The President declared the officers as enumerated duly elected for the Session of 1922.

Mr. White offered the following resolution, which was read and adopted:

Resolved, That, unless otherwise ordered, the daily sessions of the Senate shall begin at eleven o'clock in the forenoon and at half-past two o'clock in the afternoon.

Mr. White offered the following resolution, which was read and adopted:

Resolved by the Senate (the House of Assembly concurring), That no bills or joint resolutions (excepting the usual appropriation bills and bills submitted by special investigating committees) be offered in either House of the Legislature after the legislative week commencing Monday, February 6th, 1922, unless by the unanimous consent of the members of the body wherein such bills or joint resolutions are proposed for introduction.

Mr. White offered the following resolution, which was read and adopted:

Resolved, That the number of copies of the Legislative Manual apportioned by law to the State Senate be distributed on the same basis as the session of 1921.

Mr. White offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be and he is hereby directed to furnish each member, clerical officer and reporter one copy of Members' Pocket Calendar of Legislature of 1922.

The following messages were received from the Governor by the hands of J. Harry Foley, his Secretary, which were read, as follows:

GOVERNOR'S MESSAGE.

STATE OF NEW JERSEY,

EXECUTIVE DEPARTMENT,

TRENTON, N. J., January 10th, 1922.

Members of the Senate and General Assembly:

Conformably to the constitutional mandate that the Executive shall communicate to the Legislature at the opening of each session with respect to the condition of the State, and shall recommend such measures as may be deemed expedient, I now draw your attention to the following matters:

At the last session of the Legislature, Chapter 103, P. L. 1921, being "An act concerning intoxicating liquors used or to be used for beverage purposes," was made law. It is familiarly known as the Van Ness Act. Its enactment was over the Executive veto, which was based upon the fact that in its denial of the right of accused persons to a trial by jury, the statute in question was opposed to American principles. The experience which the people of the State have undergone since the act was put into operation has strengthened my belief that it is simply an instrument of oppression, and I am more strongly convinced than ever that legislation regulating and controlling the sumptuary habits and desires of our people and denying the right of trial by jury to persons accused of violations thereof has no proper place on our statute books. I urge the repeal of the Van Ness act and the substitution therefor of an enforcement statute which will conserve to the people of the State the right to indictment and trial by jury for acts interdicted by such a law. The belief that the surest protection against judicial and other forms of oppression and tyranny lies in the right of trial by jury is so well settled in the minds of our people that attempts to encroach upon or destroy that privilege can have but one effect, namely, to breed suspicion of the motives of legislators and contempt for law. It

is, therefore, in the interest of the maintenance of a proper respect for all law that I urge this change.

PUBLIC UTILITIES.

There has recently happened an event which, if allowed to become a precedent, will, in my judgment, destroy the well-established power of the Legislature to fix the rates charged the people of this State by public utilities. The Public Service Railway Company, upon being denied certain rates which it demanded, instead of adopting the procedure usual in such cases of going to the Supreme Court of the State for relief, applied to the United States District Court. The latter, upon an application based solely upon affidavits of the company, without notice to the Utility Board or any of the parties interested in the matter, issued an injunction restraining the Board from interfering with the collection of the rates which the company sought. It is true that within a day after granting the order the judge who made it revoked it, but to me it seems to be intolerable that a situation could exist under which it is possible for a utility, dissatisfied with a unanimous decision of the legislative agency, to ignore the courts of this State and apply to a Federal court which can assume to pass upon such questions, complicated and involved as they were, and requiring months of deliberation by the Utility Board, and in a summary manner set aside the order of the Board.

I am informed that such a situation can be corrected if the National Congress will amend Section 266 of the Federal Judicial Code, prohibiting the hearing by United States District Judges of cases decided by the Utility Board, and requiring that such cases shall only be heard, as indeed has been the practice until recent times, by the United States Supreme Court on appeal from the court of last resort of the State. The utilities of the State are purely intrastate concerns, and should be regulated solely by the State Legislature and its agencies. The Supreme Court of the State is unexcelled for learning and fairness. There is no excuse or justification whatever for a Federal judge presuming that the State legislative agency and the State courts will

not do justice. I would ask the Legislature, therefore, to adopt appropriate resolutions, directed to the National Congress, as well as to the representatives in Congress from this State, petitioning that body to pass corrective legislation for the avoidance of the recurrence of any such practice. In my judgment, unless corrective legislation is passed, it will be only a question of time when the fixation of rates for utilities, instead of being a prerogative of the State Legislature, will become the prerogative of the Federal District Court, and the age-long struggle which the people of the State have conducted to control and regulate corporations created for the service of the public will have been in vain.

Heretofore the cost of contesting the efforts of our utility corporations to increase rates has been largely borne by the municipalities of the State, the principal ones, such as Newark and Jersey City, having contributed most heavily to that cost. Inasmuch as there is now involved the fundamental principle or right of the State to regulate its utilities, it seems to me that the burden of demonstrating or establishing the soundness of the State's position should be lifted from the municipalities and borne by the State; hence I suggest an adequate appropriation be made to insure a full and complete defense to the pending litigation in which such question is involved.

I also direct your attention in connection with our utility corporations, to the fact that in the State of New York and other States a fee is charged upon the issuance of securities by such companies. In our own State, general corporations pay such a fee. I am informed that public utility corporations are not required by the laws of this State to pay fees on security issues. Inasmuch as all issues of securities by these companies require investigation and hearing by the Public Utilities Board, it would seem proper that some reasonable fee should be paid by utilities upon each issue of securities.

LABOR.

One of the most serious questions to which the Legislature should address itself is the Labor situation. During the past year

serious labor disturbances have occurred in this State, and our Courts have been filled with controversies over the legal questions involved. The right of men on strike to peacefully walk the streets in the neighborhood of the shop or plant against which the strike was declared or to peacefully persuade others from taking their places has been denied in our Court of Chancery, and the matter is now before the Court of Errors and Appeals for adjudication. To what extent injunctive powers of our Courts should be invoked in labor disputes is now engaging the consideration and thought of those who are interested in reconciling the differences between Labor and Capital. A more favorable view of the right of men on strike to peacefully picket seems to be taken by the United States Supreme Court than by our State Court.

In a recent opinion Chief Justice Taft of that Court indicates that men on strike have the right through the designation of an agent to act for them to picket the employer's plant, and that they also may attempt to persuade others not to take their places without any right, of course, of forcing such views upon the new employee. Some of our Vice-Chancellors, however, have gone so far as to adjudicate that the men on strike cannot do anything to aid or assist the strike, which, of course, would prevent the strikers from contributing strike benefits or even discussing the strike among themselves. Lately, it has been the practice of employers having strike troubles to seek out those members of our Court of Chancery who hold decided views in respect of the absence of the right on the part of the strikers to picket or to attempt to persuade others against taking their places, avoiding the submission of their litigation to other members of that Court who do not hold such decided views. In some instances alleged strikers and their sympathizers have been summoned out of the localities where the disturbances occurred and have been compelled to journey to other counties to answer the process of the Court. Some of the strikers have been tried for contempt in such other counties and at considerable distance away from the place where the contempt was alleged to have been committed. This is contrary, it seems to me, to established principles of justice and

equity and should not be allowed to continue. I therefore recommend the passage of an act which shall provide that whenever any person is charged with contempt of the Court of Chancery of the State for acts done or committed elsewhere than in the presence of the Court, such charge shall be tried by the Chancellor personally in the Chancery Chambers nearest the place where it is alleged such contempt was committed. I am also of opinion that the Legislature should give serious consideration to whether or not in contempt cases the accused should be tried before a jury.

It may be doubted that the measures suggested above would be constitutional. If it is concluded that they would not be, then I would urge the passage of an amendment to the Constitution accomplishing the desired result.

STATE HIGHWAY.

If our State roads are to be put in order and maintained in proper condition, additional sources of revenue will have to be found. I hesitate to recommend the submission to the people of a referendum on the question of a bond issue to complete the highway program, but some definite plan for raising the necessary moneys will have to be worked out if that program is to be accomplished. In this connection I urge the passage of a statute which will impose a tax of one cent on each gallon of gasoline used by both pleasure cars and automobile trucks, the tax to be collected from the producer, so as to insure collection at a minimum cost, and the proceeds to be devoted to the maintenance of our highways.

I hesitate to pass along to you a recommendation which comes to me from the Commissioners of the Palisades Interstate Park with reference to the incorporation in the State Highway System of Sylvan Avenue and the Boulevard in the Borough of Englewood Cliffs, Tenafly and Alpine, in Bergen County. I am determined to rigidly hold down any extension of the Highway System because of the tremendous cost involved in the completion of the present program. However, I have yielded in this particular for this reason. The Interstate Park, when completed, will furnish to the citizens of New Jersey a splendid playground. The

State has spent or obligated itself to spend approximately a million dollars in the development of the park. It is my understanding that unless the roads in question are improved this State will lack a convenient and accessible means of reaching the Park. Under those circumstances it is my thought that the highway in question should be incorporated as a part of the State Highway System and improved immediately so as to furnish a ready means of access to the Interstate Park.

MORRIS CANAL.

A difficult and important task facing this Legislature is the proper solution of the Morris Canal abandonment problem. It must be conceded, I think, that the canal has outlived its usefulness and is no longer a convenient or profitable means of freight transportation. In the cities through which it passes it has become a nuisance by reason of its pollution by dead animals, rubbish and the sewers and drains emptying into it. Everyone, I believe, is in agreement upon the proposition that the canal should be abandoned, provided that that is accomplished upon terms which are fair to the State. It is my view that this Legislature should make a real effort to work out a solution of this problem.

NEW JERSEY'S FORESTS.

Our forests constitute one of the State's great neglected resources. Nearly half of our area is forest land, most of which will lie idle unless it grows the timber that we need. Users in the State now import nine-tenths of their lumber and pay more than five million dollars a year in freight on the import. The greater part of this, and of the purchase price of the material, could be kept at home by growing the timber of which our own land is capable.

This situation is due mainly to forest fires; our soils are right, our climate is favorable. Through years of effort conditions have greatly improved; a small part of our woodlands, mainly in North Jersey, have a degree of security and a promise of recovered productiveness; in the major part, especially the great

pine areas of South Jersey, there is no assurance that the trees will escape being burned before they reach maturity. Exceptional seasons like that of last June, when nearly seventy thousand acres were burned within two weeks, but emphasize the hazard that we constantly face.

The forest fire service now costs the State two cents an acre a year, and gives full value for the outlay, but falls far short of complete efficiency. For not over four cents an acre, an organization can be maintained that will effectively handle critical as well as ordinary seasons, put our two million acres of forest on a secure, productive basis, and raise their assessable value from a meagre six or eight millions to a possible two hundred millions. And this takes no account of the value of forest playgrounds to a population forced to live chiefly in cities. It will take time to accomplish this, but a beginning is better now than later.

The Appropriations Committee, it seems to me, should take up at once with the Department of Conservation and Development, consideration of to what extent the efforts of that Department towards saving our forests can be augmented through an increased appropriation.

MEMORIAL AT WASHINGTON CROSSING.

The small appropriation made by the last Legislature to acquire the McKonkey ferry house and start this long-deferred project has had the effect of arousing various interests to the practical value of a worthy State undertaking. It is in every way desirable that there shall be a definite legislative determination of the character and extent of the State's program, and that there shall be a reasonable appropriation year by year to carry it forward.

STATE DEPARTMENT OF INSTITUTIONS AND AGENCIES.

There are approximately 10,000 residents of our State who are wholly or partly dependent, and who are wholly or partly disabled and incompetent from the following causes—tuberculosis, feeble-mindedness, insanity, blindness and waywardness.

The existing State institutions are incapable of caring for these people. On the contrary, because of the lack of the right kind of curative facilities and lack of room, the institutions are now overcrowded.

Moreover, the increase of crime among young men and women is most disquieting. This situation can be helped, provided proper facilities are furnished looking toward the reforming of this class of young offender, who has not yet reached the State Prison stage. If such of our State institutions as the Rahway Reformatory, Jamesburg School for Boys, Girls' Home at Trenton and if new training schools for the feeble-minded, unstable and delinquent youth of the State were provided with proper facilities for the care and rehabilitation of this youthful class of dependents and delinquents, a large amount of preventive work can be done. Similar facilities should be provided for the prevention, cure and care of the tuberculous and insane.

The accomplishments at the State Hospitals during the past few years have demonstrated beyond question that there are many of the State's wards who can be returned to more or less useful occupations in their respective communities if adequate preventive and curative treatment can be furnished, and who will otherwise become custodial cases, which means that the State will be obliged to care for them until they die. This would mean a distinct and certain saving to the State.

The State has always, and does now, lack facilities for preventing crime and disease, and it is with reference particularly to this phase of the situation respecting State institutions and agencies that I desire to call the attention of our citizens and the Legislature.

The referendum which was submitted to the people at the last general election, authorizing a bond issue to provide for the institutions in which the State's wards are housed, was rejected by the people. Nevertheless, the State must make provision for properly housing and caring for those unfortunates. In view of the expressed view of the electorate that there should not be a bond issue, it now seems to be incumbent upon the Legislature to provide some other method of raising the necessary funds, and I

call this matter to your attention so that the Appropriation Committee may begin its consideration of the matter just as soon as it is organized.

EMPLOYER'S LIABILITY LAW.

New Jersey was among the first to adopt a workable compensation schedule, and did so during 1911. The maximum payment was fixed at that time at \$10.00 and the minimum at \$5.00. During the session of 1919 these payments were increased to a maximum of \$12.00 and a minimum of \$6.00. When due consideration is given to the present purchasing power of a dollar, it is quite apparent that instead of an increase there has been to all practical purposes a material decrease in the compensation at present paid to the workers in this State.

Several of the provisions of the law would seem to require change, notably the payment for total disability cases, which now receive compensation for only 400 weeks, whereas many progressive States make payment in such cases for life. It would appear reasonable to include compensation for dependent children until they reach the age of 18 years, or at least 16 years, and not limit the payments—as in the case of the New Jersey law—to 300 weeks.

The present limit for medical aid of \$50.00 for the first 28 days is entirely inadequate for the reason that in all cases of serious injuries, first, either the worker does not receive the care his condition warrants, or, second, if such care is furnished him the doctor's fee must be paid by the worker usually from his compensation payment, or, third, the doctor does not get paid for reasonable and proper services rendered. No one of these three conditions can be defended, and increased medical aid should react not only to the benefit of the worker, but also to the employer or insurance carrier, in that treatment will in many instances reduce the amount of permanent disability. It is true that medical aid not exceeding \$200.00 may be ordered by the Workmen's Compensation Bureau in unusual cases, but there are many injuries requiring additional medical aid not coming within this classification.

It would now seem time that the New Jersey Compensation Law be brought more in accord with a number of the industrial States of the Union which are affording their workers a larger degree of protection.

The work of the Rehabilitation Commission has splendidly supplemented the administration of the Compensation Law, and is affording the workers of the State an unusual opportunity to secure physical rehabilitation, as well as mental and industrial. The combination of the rehabilitation work with the Compensation and Public Employment activities makes a condition which is working advantageously in the many hundreds of cases which are annually considered.

PORT AUTHORITY.

There will be submitted to you the report and plan of the Port of New York Authority in compliance with Chapter 152, P. L. 1921. It is my understanding that the Port Authority will not continue as a functioning body unless the Legislature approves or adopts the plan so submitted, or perhaps to state it more accurately in the language of the treaty or compact between New York and New Jersey, either State may by its Legislature withdraw from the compact in the event that the plan for the comprehensive development of the Port shall not have been adopted by both States on or prior to July 1st, 1923. The plan now submitted, I understand, is the one called for by Article 21 of the compact or agreement between the States. While I opposed the creation of this body believing that the interest of New Jersey lay in working out alone the development of its resources, it is my present opinion from an examination of the report and plan, that the Commissioners of the Port have dealt justly by this State and that the plan should be approved.

DEPARTMENT OF AGRICULTURE.

An appropriation of \$75,000 was made for the partial indemnification of owners of cattle reacting from the tuberculin test administered by veterinarians of this Department. Material

headway seems to have been made in the eradication of tuberculosis, which is transmissible to children, and there is strong support for a continuing appropriation for this purpose. I submit this so that the Appropriation Committee may take it under immediate consideration.

LEGISLATION FOR WOMEN.

Last year I called the attention of the Legislature to the necessity for changes in our laws with respect to hours of employment and conditions under which the female is required to work. The suggestion was made that legislation should be passed prohibiting the engaging in industrial occupation or work of any woman for six weeks before and six weeks after the birth of a child. It was further suggested that our labor law should be so modified as to provide for women an eight-hour day within nine consecutive hours, and a forty-eight hour week, as applied to industries now covered by the ten-hour law, and the prohibition of night work for women employed in manufacturing after ten o'clock at night and before six o'clock in the morning.

I reiterate what was said at that time and urge upon you the necessity of legislation along these lines.

REVISION OF CRIMINAL LAW.

Likewise there was suggested to the Legislature of 1921 a revision of our criminal statutes. Attention was called to the fact that since the revision of 1898 various laws have been passed which render it difficult to reconcile existing conflicts, an illustration of which follows:

Under a statute passed in 1914, being Chapter 214, where a sentence of death is commuted to imprisonment for life the minimum term is fifteen years. The minimum term for second degree murder, however, is twenty years. Therefore, one who may have committed first degree murder could possibly secure his release from confinement at the expiration of fifteen years, having served a lesser period than that required to be served by one who committed a lesser crime. Other instances might be

given of the necessity and wisdom for a revision of the statutes dealing with crime and criminal procedure, but I deem it unnecessary, in view of the recommendation on the part of those who have to deal with the subject that the revision is required.

SHEPPARD-TOWNER ACT.

The Federal Congress enacted on November 23d, 1921, "An Act for the promotion of the welfare and hygiene of maternity and infancy and for other purposes." Under the act the privilege is given to this State to accept the benefits thereof. Upon acceptance by the State of New Jersey there is available to the State for the fiscal year ending June 30, 1922, \$36,284.55, \$10,000 given outright and \$26,284.55 additional if matched dollar for dollar by the State. For the succeeding five years a total of \$31,284.55 annually, \$5,000 is given outright and \$26,284.55, if matched by the State. The Legislature must designate the agency which it to co-operate with the Children's Bureau. In states having a Child Hygiene or Child Welfare Division in its State Health Department—that Division must be designated. This agency must then submit to the Children's Bureau for approval by the Federal Board the plans it proposes to follow in the expenditure of the funds.

The act of November 23d only authorizes an appropriation and the appropriation must still be made by Congress.

It is believed, however, there will be no undue delay in making the appropriation and inasmuch as the act provides that within sixty days after the appropriation is available State plans must have been approved by the Board and the money apportioned, it is important that states desiring to get the funds available this year, act promptly.

I make no recommendation with respect to whether the act should be accepted or not. I am calling it to your attention so that public opinion, with respect to the wisdom or desirability of operating under it, may be crystalized.

STATE POLICE.

This body was authorized by Chapter 102 of the Laws of 1921. For the purpose of carrying out the provisions of the

statute, three hundred thousand dollars, or so much thereof as might be necessary, was appropriated. I am now informed that, in order to properly equip and train the police, it will require an appropriation of four hundred thousand dollars. I am free to confess that my views, as expressed when I vetoed this measure, have not changed, and I am further impressed with the thought that four hundred thousand dollars seems to be too large a sum to expend for any such purposes. It is very questionable in my mind whether the benefit obtained by the people, if any, from the creation of the State police is worth the cost. I therefore urge the repeal of the statute and the dismissal of the force.

While I am adverting to the subject of economy, I desire to impress upon the Legislature that there are many demands each year for appropriations. Many of them call for the exercise of proper State functions, but many of them, in my judgment, do not, and there seems to be a growing tendency to have the State take over the administration of matters which are purely local. The State's expenses are increasing to such an extent that I think it is time such tendency should be checked and the State's activities confined to those which are purely State matters.

EDUCATION.

The education of the children is the greatest concern of the State. It is only saying the plain truth that never before was there such a pressure for more and better school facilities. From all parts of the State come reports of the increasing number of children who are seeking a fuller education.

The demand has far outstripped the present school facilities in the way of properly housing all the children. The elementary schools are crowded. In some cities half-day sessions are resorted to in order to meet the demand. The high schools are also crowded to the doors.

This condition should not be looked upon with alarm or with any misgiving. It should rather be looked upon as encouraging and hopeful.

Education of all the people is a costly enterprise. It will, however, be generously met by the people of our State. It always has been, for it is still the chief defense of nation and State.

The child is the biggest asset of the State, for it is the child more than any other gift that this world has to offer to mortal man that brings hope and forward-looking thoughts.

During the school year just ended June 30, 1921, there were enrolled in the public day schools of the State 612,277 boys and girls. This is an increase of 20,479 over the year before. Sixty-five thousand of this number were registered in the high schools.

The total number of teachers employed in the day schools was 19,114—an increase of 911 over the preceding year.

The total cost for the current expenses of schools, not including new buildings nor the payment of maturing bonds, was about \$38,000,000. This was an increase of about \$8,500,000 over the year before. The per capita cost on the total enrollment was \$63.82. This was an increase of \$11.69 over the preceding year.

In round numbers, the sources from which this thirty-eight million dollars or more came were as follows:

From the income of the School Fund,	\$300,000
Appropriated from State funds,	100,000
From the Railroad Tax,	4,000,000
From State School Tax,	8,200,000
From Local District Tax,	25,600,000

While the foregoing record shows a tremendous expense for the maintenance of our schools, I think New Jersey has reason to be proud of the high standard of efficiency maintained in its school system, and it should make all endeavor to constantly improve and develop our school facilities.

CAMP DIX.

During the war the Federal Government took certain steps toward the acquisition of lands at Camp Dix, to be used for military purposes. The War Department has requested that jurisdiction over the lands acquired or to be acquired and forming part of Camp Dix should be ceded by the State to the Federal Government. Accordingly, there will be presented to you a draft of a bill making such cession of jurisdiction, and which bill follows the general form that has been adopted by the Legislature of this State in similar cases. I respectfully suggest that such measure should be enacted into law.

EDWARD I. EDWARDS,

Governor.

BUDGET MESSAGE.

To the Legislature:

The summary of the Budget requests with my recommendations for appropriations of \$13,896,246.74 for the ensuing fiscal year ending June 30, 1923, is presented to you pursuant to Chapter 15, Laws of 1916, and Chapter 221, Laws of 1918.

This total of appropriations recommended and the funds from which they should be made payable are as follows:

From General State Funds:

A—Executive and Administrative Departments,	\$850,806 22
B—Legislature,	114,941 32
C—Judicial,	681,195 00
D—Regulative,	1,777,013 00
E—Educational—from General Funds,	147,980 00
F—Agricultural,	547,450 00
G—Military,	340,828 58
H—Pension and Retirement Funds,	48,000 00
J—Constructive,	11,000 00
K—General,	303,685 00
L—Special Funds—Emergency,	250,000 00
Insurance,	50,000 00

X—Institutions and Agencies:

Current Appropriations,	\$6,031,095 89
Less—Receipts,	1,076,282 50

\$4,954,813 39

Additions and Improvements,	316,375 00
New Buildings,	155,560 00

5,426,748 39

Total from General State Funds, \$10,549,547 51

From Motor Vehicle Fees:

Motor Vehicle Department,	293,880 00
---------------------------------	------------

From Receipts of the Department of Commerce and Navigation:

Expenses of the Department,	106,460 00
-----------------------------------	------------

From Receipts of the Fish and Game Commission:

Expenses of the Commission,	262,359 00
-----------------------------------	------------

From School Funds:

Educational Department, Schools, etc.,	2,683,900 23
--	--------------

Total Expenditures as above recommended, \$13,896,246 74

The estimate of available revenues, as submitted by the State Comptroller and the State Treasurer in their report of October 15, 1921, is \$13,334,640.00, of which \$2,740,801.06 represents the amount of present appropriations from special funds, making the estimate of general State funds \$10,593,838.94 available for appropriation for the fiscal year 1923. This is the same amount as their estimate of receipts for the present fiscal year.

Since this estimate was made, business and financial conditions have improved and there seems every reason now to believe that the State's revenues for the present year, as well as for next year, will be substantially in excess of the estimate of three months ago. I am, however, required by the Budget Act to present my recommendations for appropriations not to exceed the estimated funds available.

Accordingly, out of the total requests submitted of \$20,502,692.71, I am recommending appropriations of \$13,896,246.74, of which \$10,549,647.51 would be from general State Funds.

I should have liked to include in my recommendations further expenditures for new buildings needed at the various institutions of the State, and would have done so had the estimated revenue permitted. It now seems possible, under the improved business and financial conditions, that the available revenues may exceed the estimate, both for this year and for next, by an amount of \$400,000 to \$500,000 per year. Also, if proper economies are practiced by the various Departments this year, the amount of unexpended balances to be lapsed into the Treasury next June 30th, should be substantial in amount. It may therefore appear, before the Appropriation Act is finally passed, that the available funds will exceed the estimate made last October sufficiently to admit of the following appropriations for new buildings at the institutions:

Colonies for Feeble-Minded Males, New Lisbon—

New Dormitories (2),	\$90,000 00	
Additional Farm Land,	2,325 00	
		<hr/>
		\$92,325 00

Reformatory for Women, Clinton—

Completion of Maternity Cottage,		20,000 00
--	--	-----------

Sanatorium for Tuberculous Diseases, Glen Gardner—

Addition to Infirmary,	\$31,000 00	
New Nurses Home,	31,000 00	
House for Steward and Engineer,	13,000 00	
Furnishings for Infirmary Addition,	5,000 00	
		<hr/>

State Home for Boys, Jamesburg—		
Segregation Cottage,	\$65,000 00	
Addition to School,	54,000 00	
New Wing to Reception Cottage,	7,000 00	
Assembly Building and Gymnasium,	65,000 00	
Water Supply,	10,000 00	
		201,000 00
State Home for Girls, Trenton—		
Ice and Refrigerating Plant,	\$12,000 00	
School Building,	75,000 00	
		87,000 00
State Hospital, Morris Plains—		
Congregate Dining-hall and Kitchen,	\$216,000 00	
Equipment for Dining-hall and Kitchen, ...	30,000 00	
Converting Dining-rooms to Wards,	50,000 00	
		296,000 00
State Institution for Feeble-Minded, Vineland—		
Colony Provision for 50 Colored Patients,		50,000 00
Woodbine Colony for Feeble-Minded Males—		
Dining-room and Converting Present Building into Dormi- tories,		20,000 00
		\$846,325 00
Total thus Recommended if Funds Should Admit,		
New Buildings for Institutions Which are Included in the Bud- get Recommendations,		
		155,560 00
This Would Make a Total for New Institutional Build- ings, of		
		\$1,001,885 00

The above recommendations are independent of any additional revenues to the State such as I have recommended for your consideration in my annual message, which is also transmitted to you to-day. If some such provisions were made for additional revenues, it should be possible amply to provide for the institutional needs of the State and also to include some of the other meritorious projects which I have been unable to recommend within the present Budget limitations, such as the Washington Crossing Park, increased forest fire service, etc.

It has seemed necessary to omit the usual appropriation of \$500,000.00 from General Funds to the State Road Fund, for aid to counties in road construction. The tax on gasoline which I am recommending would furnish funds from which such an appropriation might be made.

In addition to the recommendations for new buildings at the institutions, I am recommending the appropriation of an additional \$275,000.00 to supplement the \$300,000.00 which was last year appropriated for the new primary unit for the School for the Deaf. There is no question of the need of this school for better quarters, particularly for the younger pupils who are in a rather helpless condition.

The buildings for the Glassboro Normal School should be ready for opening the school next year, and recommendation is made for \$50,000.00 for furniture and equipment of the school and \$86,000.00 for other expenses. The necessary legislation should be enacted for payment of the expenses of this school in the same manner as the other Normal schools of the State.

A new power plant, and new heating, lighting and cold storage plant, to cost \$75,000.00, is needed at the Trenton Normal School, and it seems a matter of economy as well as prudence to grant it.

The total of appropriations as here stated does not include certain reappropriations, which are naturally excluded because they do not represent any additional expenditure from the estimated available revenues, but only affect the period during which expenditures may be made of the amounts previously appropriated.

There are, however, the additional expenditures from Road and from School Funds which by law are now made without definite annual appropriation.

The State Road Fund will, I understand, have the following estimated amounts:

State Road Tax—estimated,	\$3,500,000 00
Motor Vehicle Fees, etc.—estimated,	5,085,000 00

A total (exclusive of any amounts which may be received from Federal Aid),	\$8,585,000 00
Expenditures will be made from School Funds (in addition to the amounts included in the Appropriation Bill) of the proceeds of the Railroad Corporation Tax, estimated at	4,520,000 00
Appropriations from Income of the School Fund made in the Appropriation Bill, but not customarily included in its totals,	303,500 00

A total estimated for these expenditures from Road and School Funds,	\$13,408,500 00
Adding to this the stated appropriations as above,	13,896,246 74

Make a total State Budget of	\$27,304,746 74
------------------------------------	-----------------

As stated last year, I see no reason why the Appropriation Bill should not carry the total of all these State expenditures, and it would certainly be much more informative to the citizens of the State if the authorized expenditure of all such funds was duly stated as the total of authorized appropriations.

A review of the Budget accounts as here presented will indicate that in many cases no material reduction is made in the amount requested by the Department. There has been no desire on my part nor on that of the Budget assistants to follow any uniform scale of reductions and where it appeared that the request covered only the fair requirements to meet the necessary activities of a Department, I believe it should be granted as made.

On the other hand, some of the reductions which I have made have been inspired by no feeling of lack of confidence in the honesty and good intent of the requests submitted, but rather by a belief that such Departments could curtail or reorganize their work so as to accomplish all necessary objects with a less expenditure than that requested.

There has been a very fine spirit manifested throughout the Budget hearings and there has been a general desire shown to co-operate in trying to meet the problem of reduction of expenditures which had to be faced this year. This spirit and attitude have been deeply appreciated by me.

The request for the Legislature and of the State Printing Board for the legislative printing have been recommended by me without change, since these are matters which rest almost entirely in the hands of the Legislature. I would, however, suggest these matters for your consideration and decision as to whether it may not be possible to effect some substantial reductions therein without detriment to the interests of the State.

Because of the material reductions made in many items of the Budget, I have felt it desirable to recommend \$250,000.00 for the State Emergency Fund to meet such contingencies as may arise. I also recommend the appropriation of \$50,000.00 for the State Insurance Fund as called for by Chapter 123, Laws of 1913. This I consider essential to the end that a proper fund may be created which will ultimately make unnecessary the heavy payments for insurance which are now required.

The question of scale of prices for commodities has been one for serious consideration during the preparation of the Budget. There has been a marked decrease in the price of many articles, but certain items such as coal and printing have not shown a proportionate decrease. This may appear while the Budget is under consideration by the Appropriation Committee, and, if so, corresponding reductions in these items should be made.

I have instructed Messrs, Fernald and Reddan, my Budget assistants, to furnish the Appropriation Committee with all the information upon which this Budget is based, and to give all assistance possible to the Appropriation Committee.

My whole desire in submitting this message is to have appropriations which will adequately support the necessary activities of the State, but in an economical manner; will maintain its existing buildings and equipment in proper order and condition; and will provide such additions as will mean real progress toward fully meeting its actual needs for new construction.

Respectfully submitted,

EDWARD I. EDWARDS,

January 10, 1922.

Governor.

SUMMARY OF APPROPRIATIONS.

*The appropriation of \$500,000 for 1922 read: "For the State Road Fund, exclusively for distribution to counties for construction of public roads; *provided, however*, that no part of said sum shall be used for the elimination of toll bridges."

The receipts of the Motor Vehicle Fund, the State Road Tax, Federal Aid, etc., pursuant to Chapters 15 and 230, Laws of 1917, would be appropriated as in prior years.

I am not able to recommend this appropriation from General Funds of the State, but believe it should be provided from Road Funds.

DEBT OF THE STATE.

Certificates of the State issued to the Commissioners of the Agricultural College, pursuant to Chapter 417 of the Laws of 1895, amounting to \$116,000.00, was at June 30, 1921, the only debt of the State.

Under an act of Congress of the United States, approved July 2, 1862, entitled "An act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts," there was invested for the benefit of the State Agricultural College the sum of \$116,000.00 in the war bonds of the State, being the proceeds from sales of land scrip. The war bonds have all matured and been paid. Owing to the inability of the Commissioners to invest the said sum of \$116,000.00 conformably to the said act of Congress, which provides, "That all moneys derived from the sale of the lands aforesaid by the States to which the lands are apportioned, and from the sales of land scrip hereinbefore provided for, shall be invested in stocks of the United States, or of the States, or some other safe stocks, *yielding not less than five per centum upon the par value of said stocks,*" the Legislature, at the session of 1895, passed an act authorizing the Commissioners to transfer and pay over, as money shall be by them received, to the Sinking Fund of this State, and authorizing the State Treasurer and Comptroller to issue and deliver therefor to said Commis-

sioners a certificate of this State to the effect that the State will pay to said Commissioners five per centum annually of the amount so paid into or transferred to the Sinking Fund.

Under an act approved April 8, 1903, the Sinking Fund has been assigned and is now a part of the permanent School Fund of the State.

The assets of the State Fund consist of 1,887 shares of stock of the United Railroad and Canal Company of New Jersey, the market value of which amounts to about \$320,000.00.

" Judicial Fees,	20,000 00
" Treasurer's Department (Dept. of Municipal Accts.), ...	20,000 00
" Dividends,	18,870 00
" Department of Conservation and Development,	10,000 00
" Commission on Elimination of Toll Bridges,	5,000 00
<hr/>	
Total,	\$13,334,640 00
Balance on hand, June 30, 1921, for State uses,	7,348,483 51
<hr/>	
Estimated resources for the year 1921-1922,	\$20,683,123 51
<hr/>	

The above estimate does not include receipts from Institutions and Commissions as provided by Chapter 153, Laws of 1918, as such receipts are available for maintenance, pursuant to Chapter 41, Laws of 1908.

Resources:

Balance for State uses,	\$7,348,483 51
Estimated receipts for the current fiscal year,	13,334,640 00

 Total resources for the fiscal year 1921-1922, \$20,683,123 51

Obligations:

Amount of annual Appropriation Act now	
current,	\$16,879,475 47

Amounts due and to become due on requisitions for which reservation of ap- propriation has been made, and obligations incurred, including all contractual obligations,	\$4,362,418 33	
Less amount of estimated lapses to June 30, 1922, ...	575,000 00	
	<u>3,787,418 33</u>	\$20,666,893 80
Excess of resources,		<u>\$16,229 71</u>

The small excess of resources as shown in the above statement indicates a serious financial condition if the total of the Appropriation Act this year cannot be very materially reduced from that of last. The attention of the Legislature is directed to this fact in the annual report of the Comptroller.

Last year's Appropriation Act exceeded the total budget recommendation by \$1,500,000.00, and, in addition to this, over \$500,000.00 was appropriated by the Legislature in separate supplemental appropriation acts.

Serious consideration of appropriations is requested at the present session of the Legislature, as it is obvious, in view of the above statement, that the total should not exceed the resources for the current fiscal year, approximating \$13,000,000.00.

The Budget Act requires a statement showing the estimate of revenue and the State's income available for appropriations for the fiscal year ending June 30, 1923. As no new sources of revenue over those of last year have been made, the estimate for the year ending June 30, 1923, is made the same as the year ending June 30, 1922, namely, \$13,334,640.00.

Pursuant to the Budget Act, the foregoing statements are submitted, and **should any further information** be desired, the same will be furnished.

Respectfully submitted,

N. A. K. BUGBEE,
State Comptroller.
W. T. READ,
State Treasurer.

STATE EMERGENCY FUND.

Mr. White offered the following resolution, which was read and adopted:

Resolved by the Senate (the House of Assembly concurring), That the passage of bills and joint resolutions in both the Senate and House of Assembly shall stop at ten o'clock P. M., Friday, March 9th, 1922, and that the One Hundred and Forty-Sixth Legislature of the State of New Jersey adjourn *sine die* at 11:00 o'clock P. M., March 16th, 1922.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the Legislature:

February 7th, 1922.

I desire to call the attention of the Legislature to the bill introduced by Senator Simpson requiring the trolley corporations of the State to carry out any franchise contract which was obtained from the local authorities upon condition that the fare was not to exceed five cents. This bill, if passed, would help to relieve the State from the condition of virtual paralysis of the Public Utility Commission in the matter of fixing trolley rates. This condition is due to the action of the Public Service Railway Company in obtaining an injunction from the Federal court, tying the hands of the Public Utility Commission. The effect of this injunction, unless the United States Supreme Court shall dismiss it, is that for perhaps two years to come the Public Utility Commission is powerless to regulate trolley rates in New Jersey.

The Public Service Railway Company and the other companies operating trolleys are doing business in the streets of our municipalities solely by virtue of franchises granted by the respective localities through which they operate, which franchises limit them to a five-cent fare. Everybody supposed that these franchises constituted a contract between the public and the trolley companies. During the years when the five-cent fare was extremely profitable to the companies, and there was a public demand for a three-cent fare, the company managers pointed to these franchises as compelling them to furnish transportation at five cents, even though that rate should prove unprofitable. They claimed the advantages of the profitable use on the ground that they would have to stand the losses of possible unprofitable years. But when the unprofitable years came along these contracts were promptly repudiated by the company. They raised the cry, which the courts sustained, that these contracts had been abrogated or suspended by the act creating the Public Utility Commission and vesting in said commission the power to fix just and reasonable rates. This was held by the courts to be a legislative suspension

or waiver of the public rights under the franchise contract, and the courts have gone further and held that it is the duty of the Public Utility Commission, under the statute creating it, to fix rates in excess of the franchise rates if these are inadequate.

This interpretation of the Public Utility Act by the court was never dreamed of by any member of the Legislature when the bill was passed. There is no such language in the statute, and the court reads this abrogation of the contract into the law by judicial interpretation.

But, while we must respect the decisions of our courts and abide by them, the legislative province still remains of amending the Public Utility Statute so as to prevent any such interpretation in the future as the court has given the statute in the past. The Legislature can declare that the suspension of these contracts shall go no further, and that the corporations shall be held to the terms of their original franchises. This will operate to make it clear that the Legislature did not intend in the Utilities Act to impose upon the Public Utility Commission the duty to revoke franchise contracts, and the decision of the court as to the meaning of the statute will no longer apply.

We are now rapidly returning to conditions approximating those before the war. The prices of labor and materials are falling steadily, and it will only be a short time before the five-cent fare will be extremely profitable again.

I therefore urge upon the Legislature the duty to add to the Public Utility Statute the legislative declaration that this statute shall not be construed to authorize the fixing of any fare in excess of five cents for trolley transportation. The passage of the Simpson bill will accomplish this purpose.

EDWARD I. EDWARDS,

By the Governor.

Governor.

J. HARRY FOLEY,
Secretary.

Mr. Bright offered the following resolution, which was read and adopted:

Resolved, That the privileges of the floor be extended to the Honorable Lewis T. Stevens, a former member of this body, from the county of Cape May.

Mr. Case, Chairman of the Committee on Miscellaneous Business, reported

Senate Bill No. 66, with committee amendments.

Signed—Clarence E. Case, Charles D. White.

On motion of Mr. Case, the amendments were ordered printed for information.

The amendments follow:

Amend section two, page three, line twenty-six, by adding the following after the word "committees":

"In counties of the first class the board of chosen freeholders shall under this act appoint each year with the advice of the superintendent of the hospital, an advisory and consulting staff of not less than five physicians resident in such county, whose duties shall be to confer and consult with the said superintendent and such board of chosen freeholders to promote and advance the scientific, medical and surgical development of each institution. Notice of meetings of the designated hospital committee of such board of chosen freeholders shall be given to each member of such advisory staff."

At the end of section two, page three, add the following:

"Any board of chosen freeholders in a county of the first class may at any time after the passage of this act, adopt a resolution delegating the duties and powers provided for in this act to be vested in a board of managers in counties other than counties of the first class, and from and after the passage of such resolution, and its approval by the county supervisor, the management of the county hospital for tuberculosis shall be by a board of managers appointed and functioning in the same manner as board of managers in counties other than the first class."

Strike out all of section four and all of section five, on pages five, six, seven, eight and nine, and insert in lieu thereof the following:

4. Section four of the act to which this act is an amendment be and the same is hereby amended to read as follows:

4. The superintendent shall be chief executive officer of the hospital and subject to the by-laws or rules and regulations thereof, and to the powers of the board of managers or of said committee of the board of chosen freeholders, as the case may be.

Shall have general supervision and control of the records, accounts and buildings of the hospital, and all internal affairs, and maintain discipline therein, and enforce compliance with and obedience to all rules, by-laws and regulations adopted by the board of managers or by said committee of the board of chosen freeholders, as the case may be, for the government, discipline and management of said hospital and the employees and inmates thereof. He shall make such further rules, regulations and orders as he may deem necessary, not inconsistent with law or with the rules, regulations and directions of the board of managers, or of said committee of the board of chosen freeholders, as the case may be.

Shall, with the consent of the board of managers, or of said committee of the board of chosen freeholders as the case may be, appoint such resident officers and such employees as he may think proper and necessary for the efficient performance of the business of the hospital, and prescribe their duties; and for cause stated in writing, after an opportunity to be heard, discharge any such officer or employee at his discretion.

Shall cause proper accounts and records of the business and operations of the hospital to be kept regularly from day to day in books and on records provided for that purpose; and see that such accounts and records are correctly made up for the annual report to the board of chosen freeholders, as required by section three of this chapter, and present the same to the board of managers or to said committee of the board of chosen freeholders, as the case may be, who shall incorporate them in their report to the said freeholders.

Shall receive into the hospital, under the general direction of the board of managers, or of said committee of the board of chosen freeholders, as the case may be, in the order of application, any person found to be suffering from tuberculosis in any form, who has a legal settlement in the county, or who has been an actual resident and inhabitant of the county for a period of at least one year prior to his application for admission to said hospital, or any person who may be committed to said hospital by an order of any judge of the Court of Common Pleas: subject, however, to the further provisions of this act. Said superin-

tendent shall cause to be kept proper accounts and records of the admission of all patients, their names, age, sex, color, marital condition, residence, occupation and place of last employment.

Shall cause a careful examination to be made of the physical condition of all persons admitted to the hospital and provide for the treatment of each such patient according to his need; and shall cause a record to be kept of the condition of each patient when admitted, and from time to time thereafter.

Shall temporarily discharge from said hospital any patient who shall wilfully or habitually violate the rules thereof; or who is found not to have tuberculosis; or who is found to have recovered therefrom; or who for any other reason is no longer a suitable patient for treatment therein; and shall make a full report thereof at the next meeting of the board of managers, or of said committee of the board of chosen freeholders, as the case may be, who shall make such final disposition of the case as they may think proper.

Shall collect and receive all moneys due the hospital, keep an accurate account of the same, report the same at a monthly meeting of the board of managers, or of said committee of the board of chosen freeholders, as the case may be, and transmit the same to the county treasurer within ten days after such meeting.

Shall, before entering upon the discharge of his duties, give a bond in such sum as the board of managers or said committee of the board of chosen freeholders, as the case may be, may determine to secure the faithful performance of such duties.

5. Section five of the act to which this act is an amendment be and the same is hereby amended to read as follows:

5. Any resident of the county in which the hospital is situated, desiring treatment in such hospital, may apply in person to the superintendent or to any reputable physician for examination, and such physician, if he find that said person is suffering from tuberculosis in any form, may apply to the superintendent of the hospital for his admission. Blank forms for such application shall be provided by the hospital, and shall be forwarded by the superintendent thereof gratuitously to any reputable physician in the county upon request. So far as practicable applications for admission to the hospital shall be made upon such forms. The superintendent of the hospital, upon receipt of such application, if it appears therefrom that the patient is suffering from tuberculosis, and if there be a vacancy in the said hospital, shall notify the person named in such application to appear in person at the hospital. If, upon personal examination of such patient, or of any patient applying in person for admission, the superin-

tendent and the board of managers, or said committee of the board of chosen freeholders as the case may be, are satisfied that such person is suffering from tuberculosis, he shall admit him to the hospital as a patient. All such applications shall state whether, in the judgment of the physician, the person is able to pay in whole or in part for his care and treatment while at the hospital; and every application shall be filed and recorded in a book kept for that purpose in the order of their receipt. *Provided, further*, that the legal settlement and the financial ability of the patient or the person or persons chargeable with his or her support, shall be determined in the same way and by the same method that those facts are determined in the case of insane patients under an act entitled "An act concerning the charitable, hospital, relief, training, correctional, reformatory and penal institutions, boards and commissions located and conducted in this State, which are supported in whole or in part from county, municipal or State funds," approved February twenty-eighth, one thousand nine hundred and eighteen; and a copy of the finding of the judicial officer shall be forthwith filed in the office of the clerk of the county in which such patient is confined and a copy duly certified by the clerk of the county shall be forthwith forwarded to the superintendent of the hospital to which the patient is admitted and by him kept on file, and if it appears by said finding that the patient has a legal settlement in any county of this State and is indigent, then he shall be supported in said institution at the expense of the county in which he has a legal settlement, and if it appears by said finding that the patient has no legal settlement in any county of this State, then he shall be maintained at the expense of the State; *provided, however*, that if said patient shall have a legal settlement in any county of this State other than the county in which he make application for admission and the county in which he has a legal settlement maintains an institution for the care and treatment of persons suffering from tuberculosis under an act to which this act is an amendment, then it shall be the duty of the superintendent of the institution to which he has been admitted to notify the superintendent of the institution of the county in which he has a legal settlement of the fact of his admission to the institution and the judicial finding as to his legal settlement and indigency; and said patient may be transferred to the institution in the county in which he has a legal settlement, by the superintendent of the institution of that county, unless the judicial officer who determines the legal settlement shall certify that, in his

opinion, his removal from the county would be detrimental to the patient's health or against the best interest of the patient's family, and in that event, he shall be maintained as aforesaid in the institution to which he has been admitted; *provided, however*, that the county in which he has a legal settlement shall be bound for the patient's maintenance until he be transferred as aforesaid. The expense of his maintenance in any institution of any county in which the patient has not a legal settlement shall be paid by the county in which he has a legal settlement if any such there be in this State, upon bills rendered by the superintendent of the institution in which he is maintained, to the board of chosen freeholders of the county in which he has a legal settlement, and suit may be maintained in any of the courts of this State having jurisdiction of the subject matter, for the collection of the same. And if the expense of maintenance of said patient is chargeable to the State under the provisions of this act, then the State shall pay for said maintenance in the same way it pays or contributes toward the support of indigent patients in any other institutions of this State according to the act approved February twenty-eighth, one thousand nine hundred and eighteen referred to in this section. Nothing herein contained, however, shall permit the removal of the patient to the State institution for the care and treatment of tuberculosis against his will. When said hospital is completed and ready for the treatment of patients or whenever thereafter there are vacancies therein, admission to said hospital shall be made in the order in which the names of applicants shall appear upon the application book to be kept as above provided, in so far as such applicants are certified to by the superintendent to be suffering from tuberculosis. No discrimination shall be made in the accommodation, care or treatment of any patient because of the fact that the patient or his relatives contribute to the cost of his maintenance in whole or in part, and no patient shall be permitted to pay for his maintenance in such hospital a greater sum than the average per capita cost of maintenance therein, including a reasonable allowance for the interest on the cost of the hospital; and no officer or employee of such hospital shall accept from any patient thereof any fee, payment or gratuity whatsoever for his services, and any such person having been so admitted shall not be discharged without having first obtained permission of the superintendent or board of managers of such hospital, or said committee of the board of chosen freeholders, as the case may be, so that such person may not become a menace to the community. The board of managers

or said committee of the board of chosen freeholders, as the case may be, shall have the right to hold and detain any patient admitted to said hospital when in their judgment it is for the benefit of said patient or of the community that said patient remain therein, but said patient or any person as his next friend, may apply to the court.

Mr. Roberts moved that Assembly Bill No. 8, vetoed by the Governor, be taken up,

Which was agreed to.

The veto message of the Governor was read as follows:

	STATE OF NEW JERSEY,	}
	EXECUTIVE DEPARTMENT,	
<i>To the General Assembly:</i>	February 13th, 1922.	

I return herewith without my approval. Assembly Bill No. 8, submitted to me in accordance with the provisions of the Constitution on February 7th, 1922, for these reasons:

Considerable opposition to this measure has been manifested by a number of members of the State Militia, who fear that the effect of the bill is to take the State Militia into politics. It is charged that the introduction of the bill is the result of a partisan desire to force upon the Militia as a whole the views of a clique therein concerning the propriety of the appointment of a former officer. I concur in the opinion that the effect of the measure would be to inject politics into the Militia and to weaken and impair the morale, efficiency and discipline of the men.

Further, it is my conception that the proposed act is materially at variance with the organic law as set forth in Articles III, IV and VII of the State Constitution. The act purports, as the title implies, to supplement an act entitled “An act to amend an act entitled ‘An act concerning the Militia of the State.’ Approved March fourth, one thousand nine hundred and eighteen.”

As I understand it, an act amending an act when finally enacted, becomes a part of the original law and if a supplement is intended the supplement should apply to the law as amended and not to an act designed wholly to amend that original law. That

in itself would appear to violate paragraph 4, section 7, Article IV, which provides that "every law shall embrace but one object, and that shall be expressed in the title." Assembly Bill No. 8, however, does not begin to express in its title the purpose of the act, which is as stated in the first section to disband the Fifty-seventh Infantry Brigade, place its officers on the reserve list and organize a new brigade designated in section 2 as the Fifty-seventh Infantry Brigade.

Article VII of the Constitution, in paragraph 1, section 1, says "The Legislature shall provide by law for enrolling, organizing and arming the Militia." There appears to be nothing in the article authorizing the Legislature by a special act, which this unquestionably is, or otherwise, to arbitrarily disband one brigade of the Militia and create another and this is what Assembly Bill No. 8 purports to do when it says "the new brigade shall be formed and organized in conformity with the laws governing the army of the United States and the regulations issued by the Secretary of War to be designated and stationed," etc. Therefore, the entire makeup of the brigade, including its title and location is determined by the act leaving little of anything for the properly constituted National and State officials to have to say in the matter.

Article V of the Constitution designates the Governor as the Commander-in-Chief of all the military and naval forces in the State. Section 5 of this bill seeks to make the Governor subordinate to the Legislature for this specific purpose and directs him to file a request and obtain the consent of the President of the United States for the disbandment.

The same section expresses more solicitude for legislative rights when it provides the foregoing action, "shall not be construed in any way as a waiver or limitation of the right of the Legislature," to exercise its Constitutional function as provided in Article VII. The act goes further and leaves its operation contingent upon some future action of the President of the United States.

It may be well for the Legislature to remember that Article III of the Constitution is still in force and has a very decided bearing on the rights of the Legislature as set forth in articles IV and VII and that of the Governor in Articles V and VII.

Very truly yours,
(Signed) EDWARD I. EDWARDS,
Governor.

By the Governor.
J. HARRY FOLEY,
Secretary.

Amendment of "An act to incorporate the township of Moorestown, in the county of Burlington," Senate Bill No. 101:

In place of section three, substitute the following:

"3. This act shall take effect immediately; *provided*, it shall not operate to effect the incorporation of the inhabitants of the above-described territory as a township of this State until its provisions shall be submitted to the voters of the said above-described territory at a special election to be held within the said territory and at said election adopted by a vote of a majority of the legal voters of the said above-described territory voting thereon at such special election. Said special election shall be held within the above-described territory within one hundred days from the approval of this act and between the hours of six o'clock A. M. and seven o'clock P. M. of the day fixed for such election and at places within said territory, which day and places shall be fixed by the clerk of the township of Chester, in the county of Burlington. The clerk of the said township of Chester, in the county of Burlington, shall cause public notice of the time and places of the holding of the said election to be given by advertisements signed by himself and set up in at least ten public places within the said above-described territory and published in one newspaper circulating therein at least ten days prior to such election. Such election shall be held at the time and places so appointed and shall be conducted by the present boards of registry and election for the election districts of the township of Chester, in the county of Burlington, which include the territory above described, and the said clerk of the township of Chester, in the county of Burlington, shall provide for each elector voting at such election ballots to be printed or written, or partially written and partially printed, upon which ballots

shall be printed the proposition to be submitted to the voters with instructions in the following form:

"If you favor the proposition printed below make an X mark in the square to the left and opposite the word 'Yes'; if you are apposed thereto make an X mark in the square to the left of and opposite the word 'No.'

	Yes	Shall an act entitled "An act to incorporate the township of Moorestown, in the county of Burlington," be adopted?
	No.	

"If the voter makes an X mark in black ink or black pencil in the square to the left of and opposite the word 'Yes,' it shall be counted as a vote in favor of such proposition.

"If the voter makes an X mark in black ink or black pencil in the square to the left of and opposite the word 'No,' it shall be counted as a vote against such proposition; and in case no mark shall be made in the square to the left of and opposite the word 'Yes' or 'No,' it shall not be counted as a vote for or against such proposition.

"No special form of ballot and no envelope need be used by any voter at said election. The members of the district boards of registry and election holding such election shall within two days after such election make return to the township committee of the township of Chester, in the county of Burlington, of the result of such election by statements in writing under their hands and the same shall be entered at length upon the minutes of the said township committee, and thereupon and upon the adoption of this act by a majority of said electors voting thereon at such special election, and not otherwise, this act shall be in all respects operative.

"4. The register of voters within said above-described territory to be used in the conduct of such special election shall be prepared and made up by the boards of registry and election of the said township of Chester, in the county of Burlington, which conducted the general election next preceding the holding of such special election in each of the election districts of said township of Chester, in the county of Burlington, which include the territory above described, and for that purpose the said boards of registry and election shall meet at such places within said described territory and at such time as shall be designated by the clerk of the township of Chester, in the county of Burlington, at

least one week preceding said special election. Notice of the time and place so designated for such meeting shall be given by the clerk of the township of Chester, in the county of Burlington, by posting notices thereof in at least ten of the most public places in said described territory at least five days prior to said meeting. Said meeting of the said boards of registry and election for the making up of said new register of voters shall begin at one o'clock in the afternoon and shall continue until nine o'clock in the evening of the day fixed for that purpose, and said boards shall insert in said new register the names of all persons who are legal voters within said territory at the time of the approval of this act and who shall appear in person before them and establish to the satisfaction of the majority of the said respective boards that they are entitled to vote at said special election by reason of being inhabitants and citizens residing in said above-described territory at the time of the approval of this act, or who shall be sworn by the written affidavit of a voter residing in said territory to be entitled so to vote. A separate affidavit shall be required for each person so registered by affidavit which shall contain the address of the affiant and shall be signed by him. On the following day one copy of said register shall be mailed to the chairman of the county board of elections of the county of Burlington, to be filed by said board, and one copy thereof shall be retained for the use of said township board of elections at such special election.

"5. Immediately after the statement of the result of such election shall be made to the township committee of the township of Chester, in the county of Burlington, another copy of said statement, certified by the clerk of the township of Chester, in the county of Burlington, shall be filed by him in the office of the county clerk of the county of Burlington."

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. White moved that the Senate concur in the foregoing resolution.

The following message was received from the House of Assembly, by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,

Mr. President:

February 27th, 1922.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

Resolved by the House of Assembly (the Senate concurring), That the Governor be and is hereby requested to return to the House of Assembly, Assembly Bill No. 47, for further consideration.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS.

Clerk of the House of Assembly.

Mr. White moved that the Senate concur in the foregoing resolution.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,

Mr. President:

February 27th, 1922.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bills:

Assembly Bill No. 5, entitled "An act to repeal an act entitled 'An act to incorporate the First Judicial District of the County of Camden,'" approved March nineteenth, one thousand nine hundred and twenty,

The objections of the Governor to the contrary notwithstanding.

Assembly Bill No. 6, entitled "An act to amend an act entitled 'An act to provide for officers of the Senate and General Assembly and to fix their compensation,'" approved February ninth, one thousand nine hundred and eighteen,

The objections of the Governor to the contrary notwithstanding.

Assembly Bill No. 12, entitled "An act authorizing mayors of certain cities to appoint commissions to change the lines and boundaries of wards and election districts, and to increase or decrease the number thereof,"

The objections of the Governor to the contrary notwithstanding.

Assembly Bill No. 14, entitled "An act to amend the title and body of an act entitled 'An act to permit the mayor in certain cities having a common council, city council or board of aldermen, to vote at the organization of said body in certain cases,'" approved February seventh, one thousand nine hundred and twenty-one,

The objections of the Governor to the contrary notwithstanding.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Assembly Bill No. 5, vetoed by the Governor, was taken up. The veto message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT, }
To the General Assembly: February 20th, 1922.

Assembly Bill No. 5 is returned unapproved by me.

This bill is intended to abolish the First Judicial District Court of the county of Camden.

My veto of this measure is based upon objection made by the Camden County Bar Association to the effect that litigants would be unduly inconvenienced and delayed through the submission of their lawsuits to the District Court in the city of Camden.

Furthermore, no provision seems to be made for pending cases. If the court is abolished without some such provision, the fees which litigants have paid will be entirely wasted.

Respectfully,

(Signed) EDWARD I. EDWARDS,

Governor.

[SEAL.]

By the Governor.

J. HARRY FOLEY,

Secretary.

Under the rules the bill was laid over.

Assembly Bill No. 6, vetoed by the Governor, was taken up. Veto message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT, }
To the General Assembly: February 20th, 1922.

I return to you, without my approval, Assembly Bill No. 6. This measure creates four additional clerkships to your body and calls for additional expenditure of \$1,400.00.

I am not in sympathy with the measure because I believe your body has sufficient clerical assistance.

Respectfully,

EDWARD I. EDWARDS,
Governor.

[SEAL.]

By the Governor.

J. HARRY FOLEY,
Secretary.

Under the rules the bill was laid over.

Assembly Bill No. 12, vetoed by the Governor, was taken up. The veto message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the General Assembly:

February 20th, 1922. }

I return without my approval Assembly Bill No. 12, being "An act authorizing mayors of certain cities to appoint commissions to change the lines and boundaries of wards and election districts, and to increase or decrease the number thereof."

I withhold my approval of this measure for these reasons:

1. I believe the bill to be unconstitutional because

(a) It violates the prohibition of the constitution in reference to special legislation—applying to only a very limited class of cities.

(b) It contains more than one subject, namely, the redistricting of the cities contemplated by the act and the election of councilmen or other officers in new wards which will be created. Furthermore, if the act can be said to embrace but one object, such object, in my judgment, is not sufficiently expressed in the title.

2. It is frankly conceded, I believe, that the measure is designed to apply only to the city of Elizabeth, where there exists a deadlock owing to a division in the Council between the two dominant parties. This measure is intended to permit the deadlock to be relieved for partisan reasons and along partisan lines.

Respectfully,

EDWARD I. EDWARDS,
Governor.

By the Governor.

J. HARRY FOLEY,
Secretary.

Under the rules, the bill was laid over.

Assembly Bill No. 14, vetoed by the Governor, was taken up. The veto message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the General Assembly:

February 20th, 1922.

I return without my approval Assembly Bill No. 14. I do not approve this measure because it is designed to apply only to the city of Elizabeth and for partisan reasons is intended to permit the mayor of that city to break a deadlock which exists in the City Council.

Respectfully,

EDWARD I. EDWARDS,

Governor.

[SEAL.]
By the Governor.

J. HARRY FOLEY,
Secretary.

Under the rules the bill was laid over.

The following message was received from the House of Assembly by the hands of its Clerk:

Senate Bill No. 72, with the Governor's veto attached, was taken up. The veto message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT, }
March 6th, 1922.

To the Senate:

I return unapproved Senate Bill No. 72. This measure is an amendment of the act creating the Department of Labor.

In my judgment this is simply a camouflaged attempt to validate a promotion and increase in salary of two persons affected, independently of the Civil Service Commission.

If the beneficiaries of the act desire a different designation from that now held by them and an increase in their compensation, they should present their cases to the Civil Service Commission.

Respectfully,
(Signed) EDWARD I. EDWARDS,
Governor.

[SEAL.]

By the Governor.

(Signed) J. HARRY FOLEY,
Secretary.

Under the rules the bills were laid over.

Senate Substitute for Assembly Joint Resolution No. 1, with the Governor's veto attached, was taken up.

The veto message was read, as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT, }
March 6th, 1922.

To the Senate:

I return Senate Substitute for Assembly Joint Resolution No. 1 without approval for this reason:

It seems to me the character, efficiency, regulation and constitution of party organizations may be safely left to such organizations.

The appointment of the commission called for by this resolution will simply mean another waste of money in the printing of a report which nobody will read.

Respectfully,

(Signed) EDWARD I. EDWARDS,

Governor.

[SEAL.]

By the Governor.

(Signed) J. HARRY FOLEY,

Secretary.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,

Mr. President:

March 6th, 1922.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

WHEREAS, The recent Conference on Disarmament held at the city of Washington, D. C., decided that two of the six contemplated battle cruisers being built by the United States could be converted into air-plane carriers; and

WHEREAS, One of said battle cruisers, namely the Saratoga, is now under construction at the plant of the New York Shipbuilding Company, at Camden, N. J., and is thirty-five per cent. completed, and can be converted into an air-plane carrier at less expense and with greater benefit to the United States by reason of the fact that our navy would secure a vessel of 33,000 tons instead of a 27,000 ton air-plane carrier, the limit fixed by the Conference on Disarmament for new vessels of that type; and

WHEREAS, The selection of the battle cruiser Saratoga for completion as an air-plane carrier by the President and the Navy Department would give employment to thousands of workmen for two years at the plant of the New York Shipbuilding Company; therefore be it

Resolved by the House of Assembly of the State of New Jersey (the Senate concurring), That the President of the United States, the Navy Department and the Congress of the United States be respectfully requested to select the Saratoga as one of the battle cruisers to be converted into an air-plane carrier; and be it further

Resolved, That the Navy Department be urged to finish other naval work on which conditions will permit continuing construction, with the view of providing employment for the unemployed of the State of New Jersey.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Smith, the Senate concurred in the above concurrent resolution.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the General Assembly:

March 6th, 1921.

I return without approval Assembly Bill No. 115, being "An act to apportion the members of the General Assembly among the several counties of the State."

This measure is in conflict with Article IV, section 3, of the Constitution, which provides for an apportionment of members of the General Assembly by the Legislature at its first session.

after the then next and every subsequent enumeration or census, which apportionment shall remain unaltered until another enumeration shall have been taken.

The last census of the United States was taken in 1920, hence the Legislature has not complied with the mandate of the Constitution.

This measure should have been enacted at the Session of 1921.

Respectfully,

EDWARD I. EDWARDS,

Governor.

[SEAL.]

By the Governor.

J. HARRY FOLEY,

Secretary.

Under the rules the bill was laid over.

A message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the Senate:

March 7th, 1922.

Senate Bill No. 211 is returned herewith without approval. The effect of this measure is to carry routes Nos. 3 and 6 of the State Highway System through the city of Camden to the approach therein of the bridge proposed to be constructed over the Delaware river by the State of Pennsylvania and this State.

I am opposed to any extension of the State Highway System at this time. To pay for the cost of the System as now planned means the assumption of a very heavy burden, and unless we rigidly adhere to the policy of restricting extension of the System, the people of this State will be called upon to shoulder a cost which will be appalling.

Respectfully,

EDWARD I. EDWARDS,

Governor.

[SEAL.]

By the Governor.

J. HARRY FOLEY,

Secretary.

Under the rules the veto message was laid over.

The following message was received from the House of Assembly by the hands of the Clerk:

The amendments were read as follows:

Section 3. Strike out clause reading "*provided*, that said commission shall not be authorized to make any settlement obligating the payment of any sum of money by the State to Lehigh Valley Railroad Company or said Morris Canal and Banking Company or any other person."; and insert in lieu thereof the following: "*provided, however*, that such settlement and agreement shall not become operative until it has been ratified by the Legislature of the State of New Jersey in the manner hereinafter set forth. The said commissioners shall make a report setting forth what sum or sums, if any, in their opinion, said Lehigh Valley Railroad Company should pay to the State for such release or releases for such portion or portions of the canal property as the Lehigh Valley Railroad Company is to secure under said proposed terms of settlement and agreement, together with all the other terms thereof; said report shall be filed in the office of the Secretary of State by said commissioners on or before the first day of December, 1922. Immediately upon the filing of said report with the Secretary of State, said Secretary of State shall advise the Governor that said report has been filed, with the request that the Governor request the Senate and General Assembly of New Jersey at the next legislative session to consider such proposed terms of settlement and agreement; that at such session, the Legislature may ratify said terms of settlement and agreement or it may refuse or fail to ratify the same.

"If the Legislature shall ratify said terms of agreement the said commissioners shall be authorized and directed in that event to cause to be executed on behalf of the State proper instruments in writing, approved as to form by the Attorney General, signed by the Governor, and with the seal of the State thereto affixed, duly attested, conveying to the said railroad company or the said canal company any and all right, title and interest of such portion or portions of said canal property agreed to be conveyed by said report of settlement and agreement, and to deliver such instruments to said company or companies, upon receiving from them appropriate instruments in writing, approved as to form by the Attorney General, to carry out on their part the terms of settlement as provided in said report, and upon said companies performing any other things on their part to be performed."

Strike out sections 4 and 5.

Insert a new section to be known as section 4—as follows:

"4. The control and management of all of the property, real and personal, conveyed and transferred to the State by the Lehigh Valley Railroad Company, the Morris Canal and Banking

Company, the General Securities Company, or otherwise acquired, pursuant to the terms of this act, in the event of the Legislature ratifying such proposed terms of settlement and agreement, shall be vested in the Board of Conservation and Development, subject to further action by the Legislature. In the event of the commissioners appointed under this act, failing to make a report to the Secretary of the State by the first day of December, 1922, of their having agreed with the Lehigh Valley Railroad Company and the Morris Canal and Banking Company of proposed terms of agreement and settlement of the canal property as hereinbefore set forth, this act shall immediately become null and void; in the event of the said commissioners having filed such report of the proposed terms of agreement and settlement with the Lehigh Valley Railroad Company and the Morris Canal and Banking Company by the first day of December, 1922, but the Legislature of the State of New Jersey having filed or refused to agree to and ratify such terms at the next regular session then, this act shall immediately become inoperative.

Strike out all of Section 6—from and including the first line to and through the word “act” on the 14th line. Change the letter “p”—the initial letter in the word “provided”, on line 14—to a capital “P”. Said section shall be numbered as section 5. Section 7 shall be changed to read Section 6.

The motion to adopt the amendments to Assembly Bill No. 473 was decided by the following vote:

In the affirmative were—

Messrs. Case, Parry, Runyon, Whitney—4.

In the negative were—

Messrs. Allen, Bright, Heath, Kays, Larson, Mackay (President), Reeves, Roberts, Simpson, Smith, White—11.

Assembly Bill No. 473, entitled “An act to authorize the acquisition by the State of the Morris canal (as defined in this act), in whole or in part, and all the stock of the Morris Canal and Banking Company, and the rights of all stockholders in said company and in said canal property and water rights, and all or any part of the right, title and interest of the Lehigh Valley Railroad Company in said canal property and water rights by virtue of its lease of said canal from the Morris Canal and Banking Company, or otherwise: to provide for a commission authorized to negotiate and agree upon terms of settlement with the Morris Canal and Banking Company, and the Lehigh Valley Railroad Company, in relation to the said canal property and water rights,

and to vest in said commission certain powers necessary for carrying out the terms of settlement and to make such other provisions as may be necessary to effectuate the objects aforesaid,"

Was taken up and read a third time.

Upon the question, "Shall this Assembly bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Agans, Allen, Bright, Fooder, Hagaman, Heath, Mackay (President), Reeves, Roberts, Simpson, Smith, Stevens, White—13.

In the negative were—

Messrs. Case, Parry, Runyon, Whitney—4.

The Secretary was directed by the President to carry said bill to the House of Assembly, and inform that body that the Senate has passed the same, without amendment.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
March 9th, 1922. }

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Senate Bill No. 254, entitled "An act to amend an act entitled 'An act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof,'" approved October nineteenth, one thousand nine hundred and three,

Without amendment.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Committee Substitute for Assembly Bill No. 351, entitled "An act authorizing and regulating the exchange of reciprocal or inter-insurance contracts among individuals, partnerships and corporations; empowering corporations generally to make such contracts; regulating process in suits on such contracts; fixing certain taxes and fees; providing for the issuance of licenses and prescribing penalties for violation of this act,"

Was then taken up.

Mr. Mackay asked unanimous consent to amend said bill on third reading.

Which was agreed to.

The amendments were read and adopted as follows:

Amend section, line eleven, by inserting after the word "as" the following: "to the provisions of chapter 85 of the Laws of New Jersey for the year 1913 and", after the word "State", same line, insert a comma.

On page five, after line forty-nine, add a new subdivision (c) reading as follows: "(c) the Commissioner of Banking and Insurance in lieu of the bond above required may require a deposit of securities of the character authorized by the laws of the State in which the principal office of the attorney is located, for the investment of similar funds of insurance companies doing the same kinds of business, worth at least the sum of fifty thousand dollars, to be held by the said commissioner in trust for the benefit and protection of all the subscribers wherever located, except that in the case of exchanges issuing contracts of indemnity only against loss by fire, lightning, or tempest on land, on properties of subscribers where the greater part of the properties so insured are of the same or kindred lines of trade or industry, the amount of such deposit shall not be more than twenty-five thousand dollars, and after the first day of January, one thousand nine hundred and twenty-three, the same shall be increased to fifty thousand dollars; providing further that where the home office of an exchange is located outside of New Jersey and a deposit in the amount herein required is maintained with the insurance commissioner or other proper official of such State or of any other State for the benefit and protection of all the subscribers wherever located, the deposit herein provided for shall not be required to be made in this State."

Committee Substitute for Assembly Bill No. 351, entitled "An act authorizing and regulating the exchange of reciprocal or inter-insurance contracts among individuals, partnerships and corporations; empowering corporations generally to make such contracts; regulating process in suits on such contracts; fixing certain taxes and fees; providing for the issuance of licenses and prescribing penalties for violation of this act,"

As amended,

Was taken up and read a third time.

Upon the question, "Shall this Assembly bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Agans, Bright, Case, Fooder, Hagaman, Heath, Kays, Larson, Mackay (President), Parry, Roberts, Runyon, Simpson, Smith, Stevens, Whitney—16.

In the negative—None.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, with amendment, and requests its concurrence therein.

Mr. White offered the following resolution, which was read and adopted:

Resolved, That all bills and joint resolutions in the possession of the various standing committees of the Senate be delivered immediately to the Secretary of the Senate and that these bills, together with all bills and joint resolutions on the desks of the President and the Secretary, except those vetoed by the Governor, be filed by the Secretary with the State Librarian.

Mr. White moved that Assembly Bill No. 351 be sent to the House without being printed.

Which was agreed to.

On motion of Mr. White, the Senate proceeded to the consideration of executive business, on the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Agans, Allen, Bright, Case, Fooder, Hagaman, Heath, Kays, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Simpson, Smith, Stevens, White, Whitney—19.

To the Senate:

March 15th, 1922. }

Senate Bill No. 64 is one of a series of three bills (No. 64, No. 65, No. 66) intended to abolish boards of managers of various county institutions in counties of first class in this State, and to restore to the board of freeholders of such counties complete control over these institutions. I am informed that the board of freeholders of Essex county is not in agreement with the boards of managers of institutions located there. These meas-

ures, of which Senate Bill No. 64 is one, constituting legislation which I think is wrong in principle, being of a "ripper" character, and for which reason I have vetoed other measures at this session. For this reason I have withheld my approval of this bill.

To the Senate:

Committee Substitute for Senate Bill No. 147 is returned without approval. This measure amounts to practical revision of the act passed last year creating the State Police and authorizes a considerable increase in the size of the force. If enacted, it will mean an additional expenditure of about \$100,000, I am informed. Aside from any question of principle involved in the creation of the State Police, it is my judgment that the Department should continue for a considerable longer period than

one year before any attempt is made to substantially increase it. It is still in the experimental stage and it may be found later that it can furnish all required service with its present force.

To the Senate:

Senate Bill No. 105 is returned unapproved. It is popularly known as the Full Crew Repealer. The effect of this measure is to shift from the railroad companies operating in this State the burden of applying to the Public Utility Commission for a reduction in the number of a trained crew under chapter 94, P. L. 1917, and place upon either the Public Utility Commission or others who may be interested in preventing such reduction. I take it, it is the purpose of the railroad companies, if this bill becomes law, to reduce the size of train crews. Relief, of course, from such actions may be obtained under the bill by application to the Utility Commission. But it is hardly necessary to point out burden of proof will no longer be upon the companies but rather upon the men who have been dismissed. Pending the determination of the propriety of the reduction the companies will operate with the reduced number. That means, of course, during the period consumed in a hearing before the Public Utility Commission and judicial review of any order made by it.

I see no good reason for this change in the law. As it now stands, full opportunity is given the railroad companies under section 3 of chapter 94, P. L. 1917, to apply to the Public Utility Commission for a reduction in the size of any train crew and that is all this bill accomplishes other than to shift the burden of proof and to place the obligation to initiate the proceeding upon someone other than companies.

To the Senate:

Senate Joint Resolution No. 2 is returned unapproved for these reasons: It accepts the provisions of the Act of Congress familiarly known as the Sheppard-Towner act. Mature consideration has led me to the conclusion that this State should not take such course. I regard the Sheppard-Towner act as paternalistic and as another evidence of the rapidly developing tendency of the Federal Government to encroach upon the police powers of the States.

The care and welfare of mothers and children is a State problem to be dealt with by the State, and as one who believes in preservation of the rights of the sovereign States as distinguished from centralized government, I feel that every measure which tends to weaken or destroy that distinction should be defeated.

To the Senate:

I beg to advise that I have this day approved Senate Bill No. 251, being an act making appropriations for the support of the State Government and for several public purposes for the fiscal year ending June 30th, one thousand nine hundred and twenty-

three, and regulating the disbursement thereof with these exceptions:

1. Item in line 4, page 28, under caption E-2, Commissioner of Education, "Business Manager—\$5,500", but which item is approved for \$5,000.

2. On page 44, under caption G—Military, lines 10 and 11—purchase and distribution of 1,000 copies of "History of the 29th Division—\$4,500."

The first item is unapproved because it amounts to an increase of \$500 for an official who, I understand, is highly paid for whatever service he renders to the State.

The second item is unapproved because no useful purpose will be served by purchasing the work in question. Many citizens of New Jersey served in many divisions, but a small percentage served in this division, and if that volume is purchased I fear it will lead to similar requests.

Respectfully,

EDWARD I. EDWARDS,

Governor.

Committee Substitute for Senate Bill No. 147, entitled "An act to amend an act entitled 'An act creating a Department of State Police, providing for the appointment of a superintendent thereof, together with the officers and men who shall constitute the force, defining their powers and duties, and making appropriation for the expenses connected therewith,'" passed March twenty-ninth, one thousand nine hundred and twenty-one,

Vetoed by the Governor, was taken up.

Upon the question, "Shall this Senate Bill pass, the Governor's objections thereto notwithstanding?" it was decided as follows:

In the affirmative were—

Messrs. Allen, Bright, Case, Hagaman, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Stevens, Wallworth, White—13.

In the negative were—

Messrs. Barber, Kays, Simpson—3.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, notwithstanding the Governor's objection thereto, and requests its concurrence therein.

Mr. White moved that Senate Joint Resolution No. 2 be passed by the Senate, the objections by the Governor thereto notwithstanding.

Senate Joint Resolution No. 2, entitled "A joint resolution providing for the acceptance by the State of New Jersey of the provisions of the act of Congress entitled 'An act for the promotion of the welfare and hygiene of maternity and infancy, and for other purposes,' approved November twenty-third, one thousand nine hundred and twenty-one, and the designation of a State agency with which the Children's Bureau referred to in said act shall have all necessary powers to co-operate as therein provided in the administrations of the provisions of said act,"

Vetoed by the Governor, was taken up.

Upon the question, "Shall this Senate bill pass, the Governor's objections thereto notwithstanding?" it was decided as follows:

In the affirmative were—

Messrs. Bright, Hagaman, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Wallworth, White, Whitney—11.

In the negative were—

Messrs. Barber, Heath, Kays—3.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, notwithstanding the Governor's objections thereto, and requests its concurrence therein.

On motion of Mr. White the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Agans, Allen, Barber, Bright, Case, Fooder, Hagaman, Heath, Kays, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Simpson, Smith, Stevens, Wallworth, White, Whitney—21.

Mr. White moved that the Senate take a recess until 12 o'clock M.

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Agans, Allen, Barber, Bright, Case, Fooder, Hagaman, Heath, Kays, Larson, Mackay (President), Parry, Reeves, Roberts, Runyon, Simpson, Smith, Stevens, Wallworth, White, Whitney—21.

Mr. White moved that Senate Bill No. 105 be passed by the Senate, the objections by the Governor thereto notwithstanding.

Senate Bill No. 105, entitled "An act to empower the Board of Public Utility Commissioners to require any common carrier by railroad to employ a sufficient number of men in the management of any of its trains and to repeal section three of an act entitled 'An act to empower the Board of Public Utility Com-

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bills:

Committee Substitute "B," to be known as No. 477B, for Assembly Bill No. 477, entitled "A supplement to an act entitled 'A supplement to an act entitled 'An act to extend the system of highways in this State by providing for the construction, maintenance and operation of bridges and tunnels for vehicular or other traffic across the Delaware river and the Hudson river, or either of them, in co-operation with the city or State, or both, with which such bridges or tunnels, or either of them, shall connect,' approved February fourteenth, one thousand nine hundred and eighteen,' which said supplement was approved April eighth, one thousand nine hundred and nineteen, and is designated as chapter seventy of the session laws of said year, providing for the vacation, widening, or change of grade of, public roads, streets or highways, in certain cases,"

The Governor's objections thereto notwithstanding;

Committee Substitute "A," to be known as 477-A for Assembly Bill No. 477, entitled "An act to amend an act entitled 'An act to provide for the appointment of an Interstate Bridge and Tunnel Commission and to define its powers and duties,' approved February fourteenth, one thousand nine hundred and eighteen,

The Governor's objections thereto notwithstanding;

Assembly Bill No. 1, entitled "An act for the construction, improvement, reconstruction and rebuilding of the State Highway System; providing for the defraying of the cost of the same by the taxation of real and personal property in this State and by the creation of a debt of the State in an amount not exceeding forty million dollars by the issuance of bonds therefor and for the submission of this act to the people at a general election,"

The Governor's objections thereto notwithstanding;

Committee Substitute to be known as Committee Substitute 172-A for Assembly Bill No. 172, entitled "Supplement to an act entitled 'An act to authorize cities, boroughs, towns, townships and villages of this State to construct, improve and complete any part of any State Highway System within any such cities, boroughs, towns, townships and villages of this State, now or hereafter laid out, or taken over by the State Highway Commission, and to issue and sell bonds or other obligations of any such cities, boroughs, towns, townships and villages to provide funds for such purposes,'" approved April eighth, one thousand nine hundred and twenty-one,

The Governor's objections thereto notwithstanding;

Committee Substitute to be known as Committee Substitute 172-B for Assembly No. 172, entitled "Supplement to an act entitled 'An act to authorize the counties of this State to construct, improve and complete the whole or any part of any State highway within such county now or hereafter laid out by the State Highway Commission, and to issue and sell bonds or other obligations of the county to provide funds for such purposes,'" approved March fourth, one thousand nine hundred and eighteen,

The Governor's objections thereto notwithstanding;

Assembly Bill No. 330, entitled "A supplement to an act entitled 'An act to establish a thorough and efficient system of free public schools and to provide for the maintenance, support and management thereof,'" approved October nineteenth, one thousand nine hundred and three,

The Governor's objections thereto notwithstanding

Assembly Bill No. 478, entitled "An act concerning intoxicating liquor used or to be used for beverage purposes,"

The Governor's objections thereto notwithstanding:

Assembly Bill No. 480, entitled "An act declaring certain buildings and places where the law is habitually violated to be nuisances, fixing the punishment of persons found guilty of maintaining such nuisances, and providing for the abatement thereof,"

The Governor's objections thereto notwithstanding;

Assembly Bill No. 481, entitled "An act providing for a right of action to recover damages in cases where injury to person or property, means of support or otherwise, is caused by any intoxicated person, or by reason of the intoxication of any person, or by reason of the sale or procuring of intoxicating liquor in violation of law; providing for the survival of such right of action in the event of the death of any person who may have suffered or inflicted such injury, and fixing the method of distribution of damages that are recovered where death results from intoxication or from the sale or procuring of intoxicating liquor in violation of law,"

The Governor's objections thereto notwithstanding;

Assembly Bill No. 482, entitled "An act providing for the payment of expenses incurred in certain cases by prosecutors of the pleas,"

The Governor's objections thereto notwithstanding;

Committee Substitute for Assembly Bill No. 464, entitled "A supplement to an act entitled 'An act to establish a Department of Agriculture and to prescribe its powers and duties,'" approved March twenty-ninth, one thousand nine hundred and sixteen,

The Governor's objections thereto notwithstanding;

Assembly Bill No. 403, entitled "A supplement to an act entitled 'An act concerning municipalities,'" approved March twenty-seventh, one thousand nine hundred and seventeen,

The Governor's objections thereto notwithstanding;

Assembly Bill, No. 107, entitled "An act to provide for the appointment of probation officers and to define their duties and powers (Revision, 1922),"

The Governor's objections thereto notwithstanding;

Assembly Committee Substitute for Senate Bill No. 47, entitled "An act to amend an act entitled 'A supplement to an act entitled "An act to establish a State Highway System and to provide for the improvement, betterment, reconstruction, resurfacing, maintenance, repair and regulation of the use thereof,"'"

approved March fifteenth, one thousand nine hundred and seventeen, which said supplement was approved April twelfth, one thousand nine hundred and twenty-one,

The Governor's objections thereto notwithstanding.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,

Clerk of the House of Assembly.

On motion of Mr. White, the House message was taken up, the veto messages by the Governor ordered spread in full on the Journal, and the same laid over under the rules.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the Assembly:

March 15th, 1922. }

Assembly Bill No. 1 is returned unapproved. Its purpose is to authorize the issuance of bonds of the State in the sum of forty million dollars for the purpose of paying the cost of constructing a State Highway System. The bonds are to run for a period not exceeding fifteen years for such portion as may be issued for highways and for a period not exceeding thirty years for such portion as may be issued for reconstruction of bridges.

While I recognize that the completion of the State Highway System is a matter of great importance, it seems to me that the highway program can, nevertheless, be proceeded with to completion without adding forty million dollars to the debt of this State. If there is one thing from which the people of this State and of the country generally are suffering, it is taxes. Business in this country may be described to be in a convalescent stage, after having gone through a very serious attack. The people of New Jersey are more fortunate than the rest of the country, and while prosperity, no doubt, is on its way back in the vernacular, the people should be given a chance to catch their breath before being asked to assume a forty million dollar debt. Were I confronted with choosing between giving up the State highway program altogether or asking the people to shoulder an additional debt of this size, I would unhesitatingly choose the first course, but I do not believe such a choice is involved. It is far better to progress with the State highway development more slowly and pay as we go than to load this proposed debt on the State.

I might call your attention to the fact that had the Legislature passed either the Blair bill, No. 463, or the Gaede bill, No. 448, imposing a tax of one per cent. per gallon upon gasoline sold for use in motor vehicles, the State would be in receipt of approximately two million dollars a year therefrom. Such a

revenue would have either obviated the necessity of any bond issue at all or would have materially reduced the amount of such issue. I cannot conceive of any justification for the failure to pass either of these bills and forcing upon the people in their place a forty million dollar debt.

Respectfully,

Assembly Committee Substitute for Senate No. 47. This is a measure to extend Route No. 2 of the State Highway System by adding thereto a spur extending from the property line of the Tacony-Palmyra Ferry Company to the Burlington Pike at Five Points, a distance, I understand, of about a mile and a quarter. I am unalterably opposed to any extension of the State Highway System. I think the State has already taken over mileage enough to deal with for many years to come.

Assembly Bill No. 107 is returned without approval. It is "An act to provide for the appointment of probation officers and to define their duties and powers (Revision, 1922)." The objections which I find to this measure are these:

No discretion is left with the board of freeholders of counties of first and second class as to the number of probation officers which may be appointed or as to the salaries to be paid either to the chief probation officer or the assistant or other probation officers. In these counties the judges of the Common Pleas Court are empowered under this measure to appoint as many assistant probation officers as they conclude may be needed, and to fix such salaries for such positions as they may deem wise.

The bill is in the nature of mandatory legislation which I am opposed to in principle. In my judgment the responsibility for

the creation of officers and the fixing of compensation should be left with the body which is responsible for the people.

Committee Substitute to be known as Committee Substitute No. 172-A for Assembly Bill No. 172 is returned unapproved. This is a companion measure to Committee Substitute No. 172-B for Assembly Bill No. 172 and prevents the State Highway Commission from making any contract with any city and other municipalities therein named for the construction, reconstruction or improvement of any portion of the State Highway System. The same objection applies to this bill as to the Committee Substitute No. 172-B.

The effect of this measure is to prevent the State Highway Commission from entering into any agreement or contract with any county for the construction, reconstruction or improvement of any portion of the State Highway System. The principle of this bill in my judgment is bad. The Legislature should not attempt to hinder or restrict the State Highway Commission in what may be regarded as administrative matters.

Assembly Bill No. 403 is returned unapproved. It is a supplement to the Home Rule act and is intended to authorize contracts between municipalities and counties for the improvement of municipal roads. I disapprove of the measure because, even if enacted, it would be inoperative for the reason that the contract contemplated by the bill is to be made by and with the consent of the State Commissioner of Public Roads. There is no such official.

Assembly Bill No. 330 is returned to you without approval. It is a supplement to the School act. If enacted, it will change the law in respect of the power of appointing members of the board of education in cities of the first class, and also legislate out of office the present members of those boards in such cities.

Such a measure is popularly known as a "ripper" act. The principle of the bill is bad. If there are members in any board of education misconducting themselves in office, there is an appropriate remedy for that. However, I cannot accede to the practice of legislating individuals out of office because they or some of them are not acceptable to a new appointing power.

Committee Substitute for Assembly Bill No. 464 is returned herewith unapproved. It is a supplement to the act establishing

the Department of Agriculture and is intended to provide a procedure authorizing the searching of any premises where it is expected there is being violated any of the provisions of the act which that department is charged with enforcing. Jurisdiction is given to District Courts as well as to justices of the peace and police justices to issue search warrants authorizing the **searching** of any building except dwelling houses and the entering upon any public or private lands. I am not in sympathy with the principal of this bill for two reasons, first, the District Courts are courts constituted for the trial of civil causes and the procedure sought here is quasi criminal in its nature. Secondly, this measure is a typical illustration of the constant effort of those in power to invade the privacy of the individual.

Committee Substitute "A", to be known as No. 477-A for Assembly Bill No. 477, is returned unapproved.

This bill is what is known in legislation as a "ripper" bill. It ends the terms of office of the present members of the New Jersey Interstate Bridge and Tunnel Commission and substitutes therefor a new personnel. The real purpose of the bill is to take from the Governor power of appointing to this commission. Its ostensible purpose is to get rid of Mr. T. A. Adams, chairman of the commission, because of certain alleged activities of his which are said to be objectionable.

I have examined into such charges and am satisfied that they are without foundation in fact.

Were the bill based upon any ground other than partisan reasons, it seems to me the bill would have provided for the reappointment of all the Democratic members of the commission except Mr. Adams, and against whom no charge or intimation of any kind was made.

The fact is, however, with the exception of one person, the remaining Democratic members of the Board have been dismissed without any reason being given at all. No provision is made in the bill for filling of vacancies or for the appointment of suc-

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the Assembly:

March 15th, 1922.

Assembly Bill No. 480 I return without approval. This is one of the bills to which reference is made in the disapproval of the Assembly Bill No. 478. I regard this bill as particularly vicious. No property rights or privilege of any kind seems to be safe against assault by those who feel that in the enforcement of the Eighteenth Amendment lies the panacea for all ills. The bill declares that any building or place where the law is habitually violated shall be held to be a nuisance and jurisdiction is conferred upon the criminal courts of this State to abate such nuisances by directing that the building or place where the nuisance was maintained be closed and disused for a period of time not exceeding one year. There are many laws which may be habitually violated in buildings, but which have no relation either to the enforcement of the Eighteenth Amendment or to any moral dereliction. To punish the owners of property for the habitual violation, "and two instances. I think, might be held to be habitual," of such laws, seems to me is clearly an invasion of the constitutional protection against cruel and unusual punishment. To illustrate, it is the law of this State that in tenement houses lights shall be kept burning at certain locations between certain hours. Is it conceivable that one who violated such law, habitually if you will, should be punished by having this property closed for a year? The fact that the Legislature of New Jersey would enact such a law makes one contemplate what the end is going to be.

Assembly Bill No. 481 is returned without approval, and is another of the series of bills referred to in the disapproval of Assembly Bill No. 478. It confers a right of action to any person who shall be injured in person, property, means of support or otherwise by any intoxicated person. The action runs against the one who unlawfully sold or unlawfully assisted in the procuring of intoxicating liquor and who thereby contributed to the

intoxication. The right of action is made to survive against the estate of the person who sold or assisted in the procuring of the liquor. The measure also marks another substantial departure from the policy of the law of this State in respect of the amount of damages to be awarded in death cases. Our theory is to award only such damages as will represent the monetary loss occasioned by reason of the death and under this measure exemplary or punitive damages may be awarded as well.

This is about the last word it seems to me that can be said on the subject of prohibition enforcement. This bill, when read by one who has regard for the conservativeness and sanity of the jurisprudence and laws of New Jersey must produce a feeling best described as *naseau*.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Assembly Bill No. 275, entitled "A supplement to an act entitled 'An act concerning disorderly persons (Revision of 1898).'" approved June fourteenth, one thousand eight hundred and ninety-eight,

The Governor's objections thereto notwithstanding,

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. White moved that Assembly Bill No. 1 be passed by the Senate, the objections by the Governor thereto notwithstanding.

Assembly Bill No. 1, entitled "An act for the construction, improvement, reconstruction and rebuilding of the State Highway System; providing for the defraying of the cost of the same by the taxation of real and personal property in this State and by the creation of a debt of the State in an amount not exceeding forty million dollars by the issuance of bonds therefor and for the submission of this act to the people at a general election,"

Vetoed by the Governor, was taken up.

Upon the question, "Shall this bill pass, the Governor's objections thereto notwithstanding?" it was decided as follows:

In the affirmative were—

Messrs. Allen, Bright, Case, Fooder, Larson, Mackay (President), Roberts, Runyon, Smith, Wallworth, White, Whitney—12.

In the negative were—

Messrs. Barber, Parry, Simpson—3.

The Secretary was directed by the President to carry said bill to the House of Assembly, and inform that body that the Senate has passed the same, the Governor's objections thereto notwithstanding.

Mr. Parry asked permission to change his vote on Assembly Bill No. 1 from aye to nay, and upon motion of Mr. Simpson, the same was ordered by a *viva voce* vote.

Mr. White moved that Assembly Committee Substitute 172-A be passed by the Senate, the objections by the Governor thereto notwithstanding.

Committee Substitute to be known as Committee Substitute 172-A for Assembly Bill No. 172, entitled "Supplement to an act entitled 'An act to authorize cities, boroughs, towns, townships and villages of this State to construct, improve and complete any part of any State Highway System within any such cities, boroughs, towns, townships and villages of this State, now or hereafter laid out, or taken over by the State Highway Commission, and to issue and sell bonds or other obligations of any such cities, boroughs, towns, townships and villages to provide funds for such purposes,' " approved April eighth, one thousand nine hundred and twenty-one,

Vetoed by the Governor, was taken up.

The message was then read, as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

To the Assembly:

March 15th, 1922.

Assembly Bill No. 275 is returned without approval. This supplements the Disorderly Persons act by providing that any pool room, billiard parlor, or any place or room where any malt or brewed liquors, or any other liquid or liquor that contains alcohol, is sold for beverage purposes, shall be so maintained that a clear view of the entire interior thereof may be had from the street, and shall be free from any screen or other device which may obstruct or interfere with such view.

It seems to me this bill is unwarranted interference with the freedom of the people. It would apply to all of the social clubs throughout the State which lawfully sell liquors containing less than one-half of one per cent. of alcohol, and also to such clubs which do not sell liquors, but which maintain pool rooms or billiard parlors. I take it that the measure is a part of the general program of those interested in seeing that the Eighteenth Amendment to the Federal Constitution is enforced.

It is quite in line with the policy of such organizations, which is that this particular law shall be enforced above all others and regardless of whatever rights of the people may be trampled upon.

Respectfully,

[SEAL.]

EDWARD I. EDWARDS,

Governor.

By the Governor.

J. HARRY FOLEY,

Secretary.

Assembly Bill No. 275, entitled "A supplement to an act entitled 'An act concerning disorderly persons (Revision of 1898),' " approved June fourteenth, one thousand eight hundred and ninety-eight,

Bills, Joint and Concurrent Resolutions Introduced During the One Hundred and Sixty-sixth Session of the New Jersey Legislature.

January, January 10th, 1922; Adjourned, Friday, January 17th, 1922. Duration, ten weeks.

shows a total of 756 bills, 11 joint and 7 concurrent of which 256 bills, 4 joint resolutions and 1 concurrent in the Senate, and 500 bills, 7 joint and 6 concurrent in the Assembly. Two of the Assembly bills developed in committee, and were reported in duplicate, designated as different but kindred subjects. In that form they were vetoed, passed again, and the two original bills passed in the session of 1922.

Of the joint resolutions of the total introduced passed both by the Governor, 58 of the total arriving during the first session and 284 on the last day of the ninth week, when adjourned the following week. Of the total the Governor approved 1 and filed 1 without approval, which the House had passed. This bill is repealed by a subsequent act filed a few days after adjournment.

Of the bills vetoed by the Governor, 27 were repassed, making the total of bills passed in addition, the Governor approved 4 of the joint resolutions, vetoed 2 others, which were passed over the veto, and 6 resolutions.

Of the bills vetoed originated in the Senate, where 1 veto was sustained in the House, where 6 were sustained. Of the bills which were vetoed, 103 originated in the Senate and 156 in the House. Of the resolutions which reached final passage originated in the House, the resolution of 1921 proposing a constitutional amendment that sheriffs five years was not readopted, and no other bills proposed for at least two years.
